

**Governor's Educator Excellence Award Program - Texas Educator Excellence Grant  
Eligibility List - Updated 11/9/2006**

The Texas Education Agency (TEA) updated a previously released list to reflect stakeholder feedback that many of the eligible small schools would find it difficult to distribute grant awards of \$60,000. Many stakeholders also expressed their desire for this program to reach even more campuses. The final list reflects a slight reduction of some of the grant awards and allows an additional 200 campuses to participate in the program.

**Selected campuses were based on the following criteria:**

Ranking within the top half of campuses with the highest percentages of educationally disadvantaged students enrolled at the campus. Schools were ranked from highest to lowest percentage within each school category—elementary, middle, high, and all grade campuses;

**AND**

Rating of exemplary or recognized;

**OR**

Top quartile performance with respect to Comparable Improvement in math or reading;

**OR**

For registered alternative education campuses rated under alternative accountability procedures: TAKS passing rates, rank within the top third within each school category with respect to percentage of educationally disadvantaged students. Only alternative education campuses with 30 or more students are eligible.

To be eligible for this grant, applicants must also meet the following:

Have submitted the required audit report for the immediate prior fiscal year to the TEA Division of Financial Audits. To be eligible to receive a Notice of Grant Award (NOGA), the annual audit must be determined by TEA to comply with the applicable standards;

Be financially stable as determined by the Division of Financial Audits. This determination will be made based upon financial and other information disclosed in the audit or compilation report. Financial stability will be considered before issuing a grant award and is a precondition for the award;

Must have a fully approved (not provisional) Certification of Financial Accounting System from the TEA Division of Financial Audits (applies to open-enrollment charter schools) to be eligible to receive a NOGA;

Must be in good standing and have a "positive record" in successfully managing grant programs if applying for competitive, noncompetitive, or continuation grants. A positive record includes but is not limited to the following:

In compliance with all requirements and conditions of those grants and implementing the grant programs according to the timelines and descriptions proposed in the grant applications;

On time with all required progress/activity reports and evaluation reports;

No outstanding refunds for State and Federal grant programs to TEA;

Not on warrant hold by the State Comptroller's Office or by the TEA Division of Accounting;

Not currently under investigation or audit by TEA.

For this particular grant program, any formula or discretionary grant refund due to TEA must be submitted to TEA within 60 days of the application due date (that is, by December 5, 2006).
