

Chapter 89. Adaptations for Special Populations

Subchapter AA. Commissioner's Rules Concerning Special Education Services

Division 1. General Provisions

§89.1001. Scope and Applicability.

- (a) Special education services shall be provided to eligible students in accordance with all applicable federal law and regulations, state statutes, rules of the State Board of Education (SBOE) and commissioner of education, and the State Plan Under Part B of the Individuals with Disabilities Education Act (IDEA).
- (b) Education programs, under the direction and control of the Texas Youth Commission, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and schools within the Texas Department of Criminal Justice shall comply with state and federal law and regulations concerning the delivery of special education and related services to eligible students and shall be monitored by the Texas Education Agency in accordance with the requirements identified in subsection (a) of this section.
- (c) A school district having a residential facility that is licensed by appropriate state agencies and located within the district's boundaries must provide special education and related services to eligible students residing in the facility. If, after contacting the facility to offer services to eligible students with disabilities, the district determines that educational services are provided through a charter school, approved non-public school, or a facility operated private school, the district is not required to provide services. However, the district shall annually contact the facility to offer services to eligible students with disabilities.

Division 2. Clarification of Provisions in Federal Regulations and State Law

§89.1011. Full Individual and Initial Evaluation.

- (a) Referral of students for a full individual and initial evaluation for possible special education services must be a part of the district's overall, general education referral or screening system. Prior to referral, students experiencing difficulty in the general classroom should be considered for all support services available to all students, such as tutorial; remedial; compensatory; response to evidence-based intervention; and other academic or behavior support services. If the student continues to experience difficulty in the general classroom after the provision of interventions, district personnel must refer the student for a full individual and initial evaluation. This referral for a full individual and initial evaluation may be initiated by school personnel, the student's parents or legal guardian, or another person involved in the education or care of the student.
- (b) If a parent submits a written request to a school district's director of special education services or to a district administrative employee for a full individual and initial evaluation of a student, the school district must, not later than the 15th school day after the date the district receives the request:
 - (1) provide the parent with prior written notice of its proposal to conduct an evaluation consistent with 34 Code of Federal Regulations (CFR), §300.503; a copy of the procedural safeguards notice required by 34 CFR, §300.504; and an opportunity to give written consent for the evaluation; or
 - (2) provide the parent with prior written notice of its refusal to conduct an evaluation consistent with 34 CFR, §300.503, and a copy of the procedural safeguards notice required by 34 CFR, §300.504.

- (c) Except as otherwise provided in this section, a written report of a full individual and initial evaluation of a student must be completed as follows:
- (1) not later than the 45th school day following the date on which the school district receives written consent for the evaluation from the student's parent, except that if a student has been absent from school during that period on three or more school days, that period must be extended by a number of school days equal to the number of school days during that period on which the student has been absent; or
 - (2) for students under five years of age by September 1 of the school year and not enrolled in public school and for students enrolled in a private or home school setting, not later than the 45th school day following the date on which the school district receives written consent for the evaluation from the student's parent.
- (d) The admission, review, and dismissal (ARD) committee must make its decisions regarding a student's initial eligibility determination and, if appropriate, individualized education program (IEP) and placement within 30 calendar days from the date of the completion of the written full individual and initial evaluation report. If the 30th day falls during the summer and school is not in session, the student's ARD committee has until the first day of classes in the fall to finalize decisions concerning the student's initial eligibility determination, IEP, and placement, unless the full individual and initial evaluation indicates that the student will need extended school year services during that summer.
- (e) Notwithstanding the timelines in subsections (c) and (d) of this section, if the school district received the written consent for the evaluation from the student's parent at least 35 but less than 45 school days before the last instructional day of the school year, the written report of a full individual and initial evaluation of a student must be provided to the student's parent not later than June 30 of that year. The student's ARD committee must meet not later than the 15th school day of the following school year to consider the evaluation. If, however, the student was absent from school three or more days between the time that the school district received written consent and the last instructional day of the school year, the timeline in subsection (c)(1) of this section applies to the date the written report of the full individual and initial evaluation is required. If an initial evaluation completed not later than June 30 indicates that the student will need extended school year services during that summer, the ARD committee must meet as expeditiously as possible.
- (f) If a student was in the process of being evaluated for special education eligibility by a school district and enrolls in another school district before the previous school district completed the full individual and initial evaluation, the new school district must coordinate with the previous school district as necessary and as expeditiously as possible to ensure a prompt completion of the evaluation in accordance with 34 CFR, §300.301(d)(2) and (e) and §300.304(c)(5). The timelines in subsections (c) and (e) of this section do not apply in such a situation if:
- (1) the new school district is making sufficient progress to ensure a prompt completion of the evaluation; and
 - (2) the parent and the new school district agree to a specific time when the evaluation will be completed.
- (g) For purposes of subsections (b), (c), and (e) of this section, *school day* does not include a day that falls after the last instructional day of the spring school term and before the first instructional day of the subsequent fall school term.
- (h) For purposes of subsections (c)(1) and (e) of this section, a student is considered absent for the school day if the student is not in attendance at the school's official attendance taking time or at the alternate attendance taking time set for that student. A student is considered in attendance if the student is off campus participating in an activity that is approved by the school board and is under the direction of a professional staff member of the school district, or an adjunct staff member who has a minimum of a bachelor's degree and is eligible for participation in the Teacher Retirement System of Texas.

§89.1035. Age Ranges for Student Eligibility.

- (a) Pursuant to state and federal law, services provided in accordance with this subchapter must be available to all eligible students ages 3-21. Services will be made available to eligible students on their third birthday. Graduation with a regular high school diploma pursuant to §89.1070(b)(1), (b)(2)(D), (g)(1), (g)(2), (g)(3), or (g)(4)(D) of this title (relating to Graduation Requirements) terminates a student's eligibility to receive services in accordance with this subchapter. An eligible student receiving special education services who is 21 years of age on September 1 of a school year will be eligible for services through the end of that school year or until graduation with a regular high school diploma pursuant to §89.1070(b)(1), (b)(2)(D), (g)(1), (g)(2), (g)(3), or (g)(4)(D) of this title, whichever comes first.
- (b) In accordance with the Texas Education Code (TEC), §§29.003, 30.002(a), and 30.081, a free appropriate public education must be available from birth to students with visual or auditory impairments.

§89.1040. Eligibility Criteria.

- (a) Special education services. To be eligible to receive special education services, a student must be a "child with a disability," as defined in 34 Code of Federal Regulations (CFR), §300.8(a), subject to the provisions of 34 CFR, §300.8(c), the Texas Education Code, §29.003, and this section. The provisions in this section specify criteria to be used in determining whether a student's condition meets one or more of the definitions in federal regulations or in state law.
- (b) Eligibility determination. The determination of whether a student is eligible for special education and related services is made by the student's admission, review, and dismissal committee. Any evaluation or re-evaluation of a student must be conducted in accordance with 34 CFR, §§300.301-300.306 and 300.122. The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student's eligibility must include, but is not limited to, the following:
 - (1) a licensed specialist in school psychology (LSSP), an educational diagnostician, or other appropriately certified or licensed practitioner with experience and training in the area of the disability; or
 - (2) a licensed or certified professional for a specific eligibility category defined in subsection (c) of this section.
- (c) Eligibility definitions.
 - (1) Autism. A student with autism is one who has been determined to meet the criteria for autism as stated in 34 CFR, §300.8(c)(1). Students with pervasive developmental disorders are included under this category. The team's written report of evaluation must include specific recommendations for behavioral interventions and strategies.
 - (2) Deaf-blindness. A student with deaf-blindness is one who has been determined to meet the criteria for deaf-blindness as stated in 34 CFR, §300.8(c)(2). In meeting the criteria stated in 34 CFR, §300.8(c)(2), a student with deaf-blindness is one who, based on the evaluations specified in subsections (c)(3) and (c)(12) of this section:
 - (A) meets the eligibility criteria for auditory impairment specified in subsection (c)(3) of this section and visual impairment specified in subsection (c)(12) of this section;

- (B) meets the eligibility criteria for a student with a visual impairment and has a suspected hearing loss that cannot be demonstrated conclusively, but a speech/language therapist, a certified speech and language therapist, or a licensed speech language pathologist indicates there is no speech at an age when speech would normally be expected;
 - (C) has documented hearing and visual losses that, if considered individually, may not meet the requirements for auditory impairment or visual impairment, but the combination of such losses adversely affects the student's educational performance; or
 - (D) has a documented medical diagnosis of a progressive medical condition that will result in concomitant hearing and visual losses that, without special education intervention, will adversely affect the student's educational performance.
- (3) Auditory impairment. A student with an auditory impairment is one who has been determined to meet the criteria for deafness as stated in 34 CFR, §300.8(c)(3), or for hearing impairment as stated in 34 CFR, §300.8(c)(5). The evaluation data reviewed by the multidisciplinary team in connection with the determination of a student's eligibility based on an auditory impairment must include an otological examination performed by an otolaryngologist or by a licensed medical doctor, with documentation that an otolaryngologist is not reasonably available, and an audiological evaluation performed by a licensed audiologist. The evaluation data must include a description of the implications of the hearing loss for the student's hearing in a variety of circumstances with or without recommended amplification.
- (4) Emotional disturbance. A student with an emotional disturbance is one who has been determined to meet the criteria for emotional disturbance as stated in 34 CFR, §300.8(c)(4). The written report of evaluation must include specific recommendations for behavioral supports and interventions.
- (5) Intellectual disability. A student with an intellectual disability is one who has been determined to meet the criteria for an intellectual disability as stated in 34 CFR, §300.8(c)(6). In meeting the criteria stated in 34 CFR, §300.8(c)(6), a student with an intellectual disability is one who:
- (A) has been determined to have significantly sub-average intellectual functioning as measured by a standardized, individually administered test of cognitive ability in which the overall test score is at least two standard deviations below the mean, when taking into consideration the standard error of measurement of the test; and
 - (B) concurrently exhibits deficits in at least two of the following areas of adaptive behavior: communication, self-care, home living, social/interpersonal skills, use of community resources, self-direction, functional academic skills, work, leisure, health, and safety.
- (6) Multiple disabilities.
- (A) A student with multiple disabilities is one who has been determined to meet the criteria for multiple disabilities as stated in 34 CFR, §300.8(c)(7). In meeting the criteria stated in 34 CFR, §300.8(c)(7), a student with multiple disabilities is one who has a combination of disabilities defined in this section and who meets all of the following conditions:
- (i) the student's disability is expected to continue indefinitely; and
 - (ii) the disabilities severely impair performance in two or more of the following areas:

 - (II) self-care skills;
 - (III) communication;
 - (IV) social and emotional development; or
 - (V) cognition.

- (B) Students who have more than one of the disabilities defined in this section but who do not meet the criteria in subparagraph (A) of this paragraph must not be classified or reported as having multiple disabilities.
- (7) Orthopedic impairment. A student with an orthopedic impairment is one who has been determined to meet the criteria for orthopedic impairment as stated in 34 CFR, §300.8(c)(8). The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student's eligibility based on an orthopedic impairment must include a licensed physician.
- (8) Other health impairment. A student with other health impairment is one who has been determined to meet the criteria for other health impairment due to chronic or acute health problems such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, sickle cell anemia, and Tourette's Disorder as stated in 34 CFR, §300.8(c)(9). The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student's eligibility based on other health impairment must include a licensed physician.
- (9) Learning disability.
 - (A) Prior to and as part of the evaluation described in subparagraph (B) of this paragraph and 34 CFR, §§300.307-300.311, and in order to ensure that underachievement in a student suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or mathematics, the following must be considered:
 - (i) data that demonstrates the student was provided appropriate instruction in reading (as described in 20 United States Code (USC), §6368(3)), and/or mathematics within general education settings delivered by qualified personnel; and
 - (ii) data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal evaluation of student progress during instruction. Data-based documentation of repeated assessments may include, but is not limited to, response to intervention progress monitoring results, in-class tests on grade-level curriculum, or other regularly administered assessments. Intervals are considered reasonable if consistent with the assessment requirements of a student's specific instructional program.
 - (B) A student with a learning disability is one who:
 - (i) has been determined through a variety of assessment tools and strategies to meet the criteria for a specific learning disability as stated in 34 CFR, §300.8(c)(10), in accordance with the provisions in 34 CFR, §§300.307-300.311; and
 - (ii) does not achieve adequately for the student's age or meet state-approved grade-level standards in oral expression, listening comprehension, written expression, basic reading skill, reading fluency skills, reading comprehension, mathematics calculation, or mathematics problem solving when provided appropriate instruction, as indicated by performance on multiple measures such as in-class tests; grade average over time (e.g. six weeks, semester); norm- or criterion-referenced tests; statewide assessments; or a process based on the student's response to evidence-based intervention; and
 - (I) does not make sufficient progress when provided a process based on the student's response to evidence-based intervention (as defined in 20 USC, §7801(21)), as indicated by the student's performance relative to the performance of the student's peers on repeated, curriculum-based assessments of achievement at reasonable intervals, reflecting student progress during classroom instruction; or
 - (II) exhibits a pattern of strengths and weaknesses in performance, achievement, or both relative to age, grade-level standards, or

intellectual ability, as indicated by significant variance among specific areas of cognitive function, such as working memory and verbal comprehension, or between specific areas of cognitive function and academic achievement.

- (10) **Speech impairment.** A student with a speech impairment is one who has been determined to meet the criteria for speech or language impairment as stated in 34 CFR, §300.8(c)(11). The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student's eligibility based on a speech impairment must include a certified speech and hearing therapist, a certified speech and language therapist, or a licensed speech/language pathologist.
- (11) **Traumatic brain injury.** A student with a traumatic brain injury is one who has been determined to meet the criteria for traumatic brain injury as stated in 34 CFR, §300.8(c)(12). The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student's eligibility based on a traumatic brain injury must include a licensed physician, in addition to the licensed or certified practitioners specified in subsection (b)(1) of this section.
- (12) **Visual impairment.**
- (A) A student with a visual impairment is one who has been determined to meet the criteria for visual impairment as stated in 34 CFR, §300.8(c)(13). The visual loss should be stated in exact measures of visual field and corrected visual acuity at a distance and at close range in each eye in a report by a licensed ophthalmologist or optometrist. The report should also include prognosis whenever possible. If exact measures cannot be obtained, the eye specialist must so state and provide best estimates. In meeting the criteria stated in 34 CFR, §300.8(c)(13), a student with a visual impairment is one who:
- (i) has been determined by a licensed ophthalmologist or optometrist:
 - (I) to have no vision or to have a serious visual loss after correction; or
 - (II) to have a progressive medical condition that will result in no vision or a serious visual loss after correction; and
 - (ii) has been determined by the following evaluations to have a need for special services:
 - (I) a functional vision evaluation by a certified teacher of students with visual impairments or a certified orientation and mobility specialist. The evaluation must include the performance of tasks in a variety of environments requiring the use of both near and distance vision and recommendations concerning the need for a clinical low vision evaluation; and
 - (II) a learning media assessment by a certified teacher of students with visual impairments. The learning media assessment must include recommendations concerning which specific visual, tactual, and/or auditory learning media are appropriate for the student and whether or not there is a need for ongoing evaluation in this area.
- (B) A student with a visual impairment is functionally blind if, based on the preceding evaluations, the student will use tactual media (which includes braille) as a primary tool for learning to be able to communicate in both reading and writing at the same level of proficiency as other students of comparable ability.
- (C) Beginning with the 2014-2015 school year, a full individual and initial evaluation of a student suspected of having a visual impairment must include an orientation and mobility evaluation conducted by a person who is appropriately certified as an orientation and mobility specialist and must be conducted in a variety of lighting conditions and in a variety of settings, including in the student's home, school, and community and in settings unfamiliar to the student.

- (D) Beginning with the 2014-2015 school year, a person who is appropriately certified as an orientation and mobility specialist must participate, as part of a multidisciplinary team, in evaluating data used in making the determination of the student's eligibility as a student with a visual impairment.
 - (E) Beginning with the 2014-2015 school year, the scope of any reevaluation of a student who has been determined, after the full individual and initial evaluation, to be eligible for the district's special education program on the basis of a visual impairment must be determined, in accordance with 34 CFR, §§300.122 and 300.303-300.311, by a multidisciplinary team that includes an appropriately certified orientation and mobility specialist.
- (13) Noncategorical. A student between the ages of 3-5 who is evaluated as having an intellectual disability, an emotional disturbance, a specific learning disability, or autism may be described as noncategorical early childhood.

§89.1047. Procedures for Special Education Decision-Making for Students in Foster Care.

- (a) A foster parent may act as a parent of a child with a disability, in accordance with 34 Code of Federal Regulations (CFR), §300.30, relating to the definition of parent, if requirements of Texas Education Code (TEC), §29.015(a), are met, including the completion of the training program described in subsection (c)(1) of this section.
 - (1) For a foster parent to serve as a student's parent, a school district must ensure that the foster parent has received training described in subsection (c)(1) of this section. The foster parent must complete the training program before the student's next scheduled admission, review, and dismissal (ARD) committee meeting, but not later than the 90th day after the foster parent begins acting as the parent for the purpose of making special education decisions.
 - (2) The training program can be conducted or provided by the Texas Department of Family and Protective Services (TDFPS), a school district, an education service center, or any entity that receives federal funds to provide Individuals with Disabilities Education Act (IDEA) training to parents. Once an individual has completed the training, the individual may not be required by any school district to complete additional training in order to serve as the parent or the surrogate parent for the student or other students with disabilities who are in foster care. School districts may provide optional ongoing or supplemental training.
- (b) If a school district denies a foster parent the right to serve as a parent, the school district must provide the foster parent with written notice of such denial within seven calendar days after the date on which the decision is made. The written notice must:
 - (1) specifically explain why the foster parent is being denied the right to serve as the student's parent; and
 - (2) inform the foster parent of his or her right to file a complaint with the Texas Education Agency in accordance with 34 CFR, §§300.151-300.153, relating to special education complaint procedures.
- (c) Except as provided by Texas Family Code, §263.0025, which authorizes a court to appoint a surrogate parent, if a district cannot locate or identify a parent, if the foster parent is unwilling or unable to serve as a parent, or if the student does not reside in a foster home setting, the school district must assign a surrogate parent to make special education decisions on behalf of the student. An individual assigned by a school district to act as a surrogate parent for a student with a disability, in accordance with 34 CFR, §300.519, and

TEC, §29.0151, relating to surrogate parents, must comply with the requirements specified in TEC, §29.001(10).

- (1) Pursuant to TEC, §29.001(10)(A), a foster parent serving as a parent or an individual assigned by a school district to act as a surrogate parent must complete a training program in which the individual is provided with an explanation of the provisions of federal and state laws, rules, and regulations relating to:
 - (A) the identification of a student with a disability;
 - (B) the collection of evaluation and re-evaluation data relating to a student with a disability;
 - (C) the ARD committee process;
 - (D) the development of an individualized education program (IEP), including the consideration of transition services for a student who is at least 14 years of age;
 - (E) the determination of least restrictive environment;
 - (F) the implementation of an IEP;
 - (G) the procedural rights and safeguards available under 34 CFR, §§300.148, 300.151-300.153, 300.229, 300.300, 300.500-300.520, 300.530-300.537, and 300.610-300.627, relating to the issues described in 34 CFR, §300.504(c);
 - (H) where to obtain assistance in understanding the provisions of federal and state laws, rules, and regulations relating to students with disabilities; and
 - (I) the duties and responsibilities of surrogate parents as required under TEC, §29.0151(d).
 - (2) The training program described in subsection (c)(1) of this section must be provided in the native language or other mode of communication used by the individual being trained.
 - (3) To serve as a student's surrogate parent, a school district must ensure that the surrogate parent has received training described in subsection (c)(1) of this section. The individual assigned by a school district to act as a surrogate parent must complete the training program before the student's next scheduled ARD committee meeting but not later than the 90th day after the date of initial assignment as a surrogate parent.
 - (4) The training program can be conducted or provided by the TDFPS, a school district, an education service center, or any entity that receives federal funds to provide IDEA training to parents. Once an individual has completed the training, the individual may not be required by any school district to complete additional training in order to serve as the surrogate parent or the parent for the student or other students with disabilities who are in foster care. School districts may provide optional ongoing or supplemental training.
- (d) A surrogate parent appointed by a school district may not be an employee of the state, the school district, or any other agency involved in the education or care of the child and may not have any interest that conflicts with the interests of the child. Each school district or shared services arrangement must develop and implement procedures for conducting an analysis of whether a potential surrogate parent has an interest that conflicts with the interests of his or her child. Issues concerning quality of care of the child do not constitute a conflict of interest. Concerns regarding quality of care of the child should be communicated, and may be statutorily required to be reported, to TDFPS.
 - (e) If a court appoints a surrogate parent for a child with a disability under Texas Family Code, §263.0025, and the school district determines that the surrogate parent is failing to perform or is not properly performing the duties listed under TEC, §29.0151(d), the district must consult with TDFPS and appoint another person to serve as the surrogate parent for the child.

Statutory Authority: The provisions of this §89.1047 issued under the Texas Education Code, §29.001 and §29.003, and 34 Code of Federal Regulations, §§300.8, 300.306, 300.307, and 300.309.

§89.1049. Parental Rights Regarding Adult Students.

- (a) In accordance with 34 Code of Federal Regulations (CFR), §300.320(c) and §300.520, and Texas Education Code (TEC), §29.017, beginning at least one year before a student reaches 18 years of age, the student's individualized education program (IEP) must include a statement that the student has been informed that, unless the student's parent or other individual has been granted guardianship of the student under the Probate Code, Chapter XIII, Guardianship, all rights granted to the parent under the Individuals with Disabilities Education Act (IDEA), Part B, other than the right to receive any notice required under IDEA, Part B, will transfer to the student upon reaching age 18. Beginning with the 2018-2019 school year, the IEP must also state that the student has been provided information and resources regarding guardianship, alternatives to guardianship, including a supported decision-making agreement under Texas Estates Code, Chapter 1357, and other supports and services that may enable the student to live independently. After the student reaches the age of 18, except as provided by subsection (b) of this section, the school district shall provide any notice required under IDEA, Part B, to both the adult student and the parent.
- (b) In accordance with 34 CFR, §300.520(a)(2), and TEC, §29.017(a), all rights accorded to a parent under IDEA, Part B, including the right to receive any notice required by IDEA, Part B, will transfer to an 18-year-old student who is incarcerated in an adult or juvenile state or local correctional institution, unless the student's parent or other individual has been granted guardianship of the student under Texas Estates Code, Title 3.
- (c) In accordance with 34 CFR, §300.520(a)(3), a school district must notify in writing the adult student and parent of the transfer of parental rights, as described in subsections (a) and (b) of this section, at the time the student reaches the age of 18. This notification is separate and distinct from the requirement that the student's IEP include a statement relating to the transfer of parental rights beginning at least one year before the student reaches the age of 18. This notification is not required to contain the elements of notice referenced in 34 CFR, §300.503, but must include a statement that parental rights have transferred to the adult student. Beginning with the 2018-2019 school year, the notice must also include information and resources regarding guardianship, alternatives to guardianship, including a supported decision-making agreement under Texas Estates Code, Chapter 1357, and other supports and services that may enable the student to live independently, and must provide contact information for the parties to use in obtaining additional information.
- (d) A notice under IDEA, Part B, which is required to be given to an adult student and parent does not create a right for the parent to consent to or participate in the proposal or refusal to which the notice relates. For example, a notice of an admission, review, and dismissal (ARD) committee meeting does not constitute invitation to, or create a right for, the parent to attend the meeting. However, in accordance with 34 CFR, §300.321(a)(6), the adult student or the school district may invite individuals who have knowledge or special expertise regarding the student, including the parent.
- (e) Nothing in this section prohibits a supported decision-making agreement or a valid power of attorney from being executed by an individual who holds rights under IDEA, Part B.

§89.1050. The Admission, Review, and Dismissal Committee.

- (a) Each school district must establish an admission, review, and dismissal (ARD) committee for each eligible student with a disability and for each student for whom a full individual and initial evaluation is conducted pursuant to §89.1011 of this title (relating to Full Individual and Initial Evaluation). The ARD committee is the individualized education program (IEP) team defined in federal law and regulations, including, specifically, 34 Code of Federal Regulations (CFR), §300.321. The school district is responsible for all of the functions for which the IEP team is responsible under federal law and regulations and for which the ARD committee is responsible under state law, including the following:

- (b) For a student from birth through two years of age with visual and/or auditory impairments, an individualized family services plan (IFSP) meeting must be held in place of an ARD committee meeting in accordance with 34 CFR, §§300.320-300.324, and the memorandum of understanding between the Texas Education Agency and the Department of Assistive and Rehabilitative Services. For students three years of age and older, school districts must develop an IEP.
- (c) ARD committee membership.
- (1) ARD committees must include the following:
 - (A) the parents of the student;
 - (B) not less than one regular education teacher of the student (if the student is, or may be, participating in the regular education environment) who must, to the extent practicable, be a teacher who is responsible for implementing a portion of the student's IEP;
 - (C) not less than one special education teacher of the student, or where appropriate, not less than one special education provider of the student;
 - (D) a representative of the school district who:
 - (i) is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of students with disabilities;
 - (ii) is knowledgeable about the general education curriculum; and
 - (iii) is knowledgeable about the availability of resources of the school district;

- (E) an individual who can interpret the instructional implications of evaluation results, who may be a member of the committee described in subparagraphs (B)-(D) and (F) of this paragraph;
 - (F) at the discretion of the parent or the school district, other individuals who have knowledge or special expertise regarding the student, including related services personnel, as appropriate;
 - (G) whenever appropriate, the student with a disability;
 - (H) to the extent appropriate, with the consent of the parents or a student who has reached the age of majority, a representative of any participating agency that is likely to be responsible for providing or paying for transition services;
 - (I) a representative from career and technical education (CTE), preferably the teacher, when considering initial or continued placement of a student in CTE; and
 - (J) a professional staff member who is on the language proficiency assessment committee who may be a member of the committee described in subparagraphs (B) and (C) of this paragraph, if the student is identified as an English language learner.
- (2) The special education teacher or special education provider that participates in the ARD committee meeting must be appropriately certified or licensed as required by 34 CFR, §300.18 and §300.156.
- (3) If the student is:
- (A) a student with a suspected or documented visual impairment, the ARD committee must include a teacher who is certified in the education of students with visual impairments;
 - (B) a student with a suspected or documented auditory impairment, the ARD committee must include a teacher who is certified in the education of students with auditory impairments; or
 - (C) a student with suspected or documented deaf-blindness, the ARD committee must include a teacher who is certified in the education of students with visual impairments and a teacher who is certified in the education of students with auditory impairments.
- (4) An ARD committee member is not required to attend an ARD committee meeting if the conditions of either 34 CFR, §300.321(e)(1), regarding attendance, or 34 CFR, §300.321(e)(2), regarding excusal, have been met.
- (d) The school district must take steps to ensure that one or both parents are present at each ARD committee meeting or are afforded the opportunity to participate, including notifying the parents of the meeting early enough to ensure that they will have an opportunity to attend and scheduling the meeting at a mutually agreed upon time and place. Additionally, a school district must allow parents who cannot attend an ARD committee meeting to participate in the meeting through other methods such as through telephone calls or video conferencing. The school district must provide the parents with written notice of the ARD committee meeting that meets the requirements in 34 CFR, §300.322, at least five school days before the meeting unless the parents agree to a shorter timeframe.
- (e) Upon receipt of a written request for an ARD committee meeting from a parent, the school district must:
- (1) schedule and convene a meeting in accordance with the procedures in subsection (d) of this section; or
 - (2) within five school days, provide the parent with written notice explaining why the district refuses to convene a meeting.
- (f) If the parent is unable to speak English, the school district must provide the parent with a written notice required under subsection (d) or (e)(2) of this section in the parent's native language, unless it is clearly not feasible to do so. If the parent's native language is not a written language, the school district must take steps to ensure that the notice is translated orally or by other means to the parent in his or her native language or other mode of communication so that the parent understands the content of the notice.

- (g) All members of the ARD committee must have the opportunity to participate in a collaborative manner in developing the IEP. A decision of the ARD committee concerning required elements of the IEP must be made by mutual agreement if possible. The ARD committee may agree to an annual IEP or an IEP of shorter duration.
- (1) When mutual agreement about all required elements of the IEP is not achieved, the parent who disagrees must be offered a single opportunity to recess and reconvene the ARD committee meeting. The period of time for reconvening the ARD committee meeting must not exceed ten school days, unless the parties mutually agree otherwise. The ARD committee must schedule the reconvened meeting at a mutually agreed upon time and place. The opportunity to recess and reconvene is not required when the student's presence on the campus presents a danger of physical harm to the student or others or when the student has committed an expellable offense or an offense that may lead to a placement in a disciplinary alternative education program. The requirements of this subsection do not prohibit the ARD committee from recessing an ARD committee meeting for reasons other than the failure to reach mutual agreement about all required elements of an IEP.
 - (2) During the recess, the ARD committee members must consider alternatives, gather additional data, prepare further documentation, and/or obtain additional resource persons who may assist in enabling the ARD committee to reach mutual agreement.
 - (3) If a recess is implemented as provided in paragraph (1) of this subsection and the ARD committee still cannot reach mutual agreement, the school district must implement the IEP that it has determined to be appropriate for the student.
 - (4) Each member of the ARD committee who disagrees with the IEP developed by the ARD committee is entitled to include a statement of disagreement in the IEP.
- (h) Whenever a school district proposes or refuses to initiate or change the identification, evaluation, or educational placement of a student or the provision of a free appropriate public education to the student, the school district must provide prior written notice as required in 34 CFR, §300.503, including providing the notice in the parent's native language or other mode of communication. This notice must be provided to the parent at least five school days before the school district proposes or refuses the action unless the parent agrees to a shorter timeframe.
- (i) If the student's parent is unable to speak English and the parent's native language is Spanish, the school district must provide a written copy or audio recording of the student's IEP translated into Spanish. If the student's parent is unable to speak English and the parent's native language is a language other than Spanish, the school district must make a good faith effort to provide a written copy or audio recording of the student's IEP translated into the parent's native language.
- (1) For purposes of this subsection, a written copy of the student's IEP translated into Spanish or the parent's native language means that all of the text in the student's IEP in English is accurately translated into the target language in written form. The IEP translated into the target language must be a comparable rendition of the IEP in English and not a partial translation or summary of the IEP in English.
 - (2) For purposes of this subsection, an audio recording of the student's IEP translated into Spanish or the parent's native language means that all of the content in the student's IEP in English is orally translated into the target language and recorded with an audio device. A school district is not prohibited from providing the parent with an audio recording of an ARD committee meeting at which the parent was assisted by an interpreter as long as the audio recording provided to the parent contains an oral translation into the target language of all of the content in the student's IEP in English.
 - (3) If a parent's native language is not a written language, the school district must take steps to ensure that the student's IEP is translated orally or by other means to the parent in his or her native language or other mode of communication.
 - (4) Under 34 CFR, §300.322(f), a school district must give a parent a written copy of the student's IEP at no cost to the parent. A school district meets this requirement by providing a parent with a

written copy of the student's IEP in English or by providing a parent with a written translation of the student's IEP in the parent's native language in accordance with paragraph (1) of this subsection.

- (j) A school district must comply with the following for a student who is newly enrolled in the school district.
- (1) When a student transfers to a new school district within the state in the same school year and the parents verify that the student was receiving special education services in the previous school district or the previous school district verifies in writing or by telephone that the student was receiving special education services, the new school district must meet the requirements of 34 CFR, §300.323(e), regarding the provision of special education services. The timeline for completing the requirements outlined in 34 CFR, §300.323(e)(1) or (2), is 30 school days from the date the student is verified as being a student eligible for special education services.
 - (2) When a student transfers from a school district in another state in the same school year and the parents verify that the student was receiving special education services in the previous school district or the previous school district verifies in writing or by telephone that the student was receiving special education services, the new school district must meet the requirements of 34 CFR, §300.323(f), regarding the provision of special education services. If the new school district determines that an evaluation is necessary, the evaluation is considered a full individual and initial evaluation and must be completed within the timelines established by §89.1011(c) and (e) of this title. The timeline for completing the requirements in 34 CFR, §300.323(f)(2), if appropriate, is 30 calendar days from the date of the completion of the evaluation report. If the school district determines that an evaluation is not necessary, the timeline for completing the requirements outlined in 34 CFR, §300.323(f)(2), is 30 school days from the date the student is verified as being a student eligible for special education services.
 - (3) In accordance with TEC, §25.002, and 34 CFR, §300.323(g), the school district in which the student was previously enrolled must furnish the new school district with a copy of the student's records, including the student's special education records, not later than the 10th working day after the date a request for the information is received by the previous school district.
- (k) All disciplinary actions regarding students with disabilities must be determined in accordance with 34 CFR, §§300.101(a) and 300.530-300.536; TEC, Chapter 37, Subchapter A; and §89.1053 of this title (relating to Procedures for Use of Restraint and Time-Out).

§89.1052. Discretionary Placements in Juvenile Justice Alternative Education Programs.

- (a) This section applies only to the expulsion of a student with a disability under:
- (1) Texas Education Code (TEC), §37.007(b), (c), or (f); or
 - (2) TEC, §37.007(d), as a result of conduct that contains the elements of any offense listed in TEC, §37.007(b)(2)(C), against any employee or volunteer in retaliation for or as a result of the person's employment or association with a school district.
- (b) In a county with a Juvenile Justice Alternative Education Program (JJAEP), a local school district must invite the administrator of the JJAEP or the administrator's designee to an admission, review, and dismissal (ARD) committee meeting convened to discuss the expulsion of a student with a disability under one of the provisions listed in subsection (a) of this section, relating to offenses for which a school district may expel a student. The school district must provide written notice of the meeting at least five school days before the meeting or a shorter timeframe agreed to by the student's parents. A copy of the student's current

individualized education program (IEP) must be provided to the JJAEP representative with the notice. If the JJAEP representative is unable to attend the ARD committee meeting, the representative must be given the opportunity to participate in the meeting through alternative means, including conference telephone calls. The JJAEP representative may participate in the meeting to the extent that the meeting relates to the student's placement in the JJAEP and implementation of the student's current IEP in the JJAEP.

- (c) For a student with a disability who was expelled under one of the provisions listed in subsection (a) of this section and placed in the JJAEP, an ARD committee meeting must be convened to reconsider placement of the student in the JJAEP if the JJAEP provides written notice to the school district of specific concerns that the student's educational or behavioral needs cannot be met in the JJAEP. The school district must invite the JJAEP administrator or the administrator's designee to the meeting and must provide written notice of the meeting at least five school days before the meeting or a shorter timeframe agreed to by the student's parents. If the JJAEP representative is unable to attend the ARD committee meeting, the representative must be given the opportunity to participate in the meeting through alternative means, including conference telephone calls. The JJAEP representative may participate in the meeting to the extent that the meeting relates to the student's continued placement in the JJAEP.

§89.1053. Procedures for Use of Restraint and Time-Out.

- (a) Requirement to implement. In addition to the requirements of 34 Code of Federal Regulations (CFR), §300.324(a)(2)(i), school districts and charter schools must implement the provisions of this section regarding the use of restraint and time-out. In accordance with the provisions of Texas Education Code (TEC), §37.0021 (Use of Confinement, Restraint, Seclusion, and Time-Out), it is the policy of the state to treat with dignity and respect all students, including students with disabilities who receive special education services under TEC, Chapter 29, Subchapter A.
- (b) Definitions.
- (1) Emergency means a situation in which a student's behavior poses a threat of:
 - (A) imminent, serious physical harm to the student or others; or
 - (B) imminent, serious property destruction.
 - (2) Restraint means the use of physical force or a mechanical device to significantly restrict the free movement of all or a portion of the student's body.
 - (3) Time-out means a behavior management technique in which, to provide a student with an opportunity to regain self-control, the student is separated from other students for a limited period in a setting:
 - (A) that is not locked; and
 - (B) from which the exit is not physically blocked by furniture, a closed door held shut from the outside, or another inanimate object.
- (c) Use of restraint. A school employee, volunteer, or independent contractor may use restraint only in an emergency as defined in subsection (b) of this section and with the following limitations.
- (1) Restraint must be limited to the use of such reasonable force as is necessary to address the emergency.
 - (2) Restraint must be discontinued at the point at which the emergency no longer exists.
 - (3) Restraint must be implemented in such a way as to protect the health and safety of the student and others.
 - (4) Restraint must not deprive the student of basic human necessities.

- (d) Training on use of restraint. Training for school employees, volunteers, or independent contractors must be provided according to the following requirements.
 - (1) A core team of personnel on each campus must be trained in the use of restraint, and the team must include a campus administrator or designee and any general or special education personnel likely to use restraint.
 - (2) Personnel called upon to use restraint in an emergency and who have not received prior training must receive training within 30 school days following the use of restraint.
 - (3) Training on use of restraint must include prevention and de-escalation techniques and provide alternatives to the use of restraint.
 - (4) All trained personnel must receive instruction in current professionally accepted practices and standards regarding behavior management and the use of restraint.
- (e) Documentation and notification on use of restraint. In a case in which restraint is used, school employees, volunteers, or independent contractors must implement the following documentation requirements.
 - (1) On the day restraint is utilized, the campus administrator or designee must be notified verbally or in writing regarding the use of restraint.
 - (2) On the day restraint is utilized, a good faith effort must be made to verbally notify the parent(s) regarding the use of restraint.
 - (3) Written notification of the use of restraint must be placed in the mail or otherwise provided to the parent within one school day of the use of restraint.
 - (4) Written documentation regarding the use of restraint must be placed in the student's special education eligibility folder in a timely manner so the information is available to the admission, review, and dismissal (ARD) committee when it considers the impact of the student's behavior on the student's learning and/or the creation or revision of a behavioral intervention plan (BIP).
 - (5) Written notification to the parent(s) and documentation to the student's special education eligibility folder must include the following:
 - (A) name of the student;
 - (B) name of the staff member(s) administering the restraint;
 - (C) date of the restraint and the time the restraint began and ended;
 - (D) location of the restraint;
 - (E) nature of the restraint;
 - (F) a description of the activity in which the student was engaged immediately preceding the use of restraint;
 - (G) the behavior that prompted the restraint;
 - (H) the efforts made to de-escalate the situation and alternatives to restraint that were attempted; and
 - (I) information documenting parent contact and notification.
- (f) Clarification regarding restraint. The provisions adopted under this section do not apply to the use of physical force or a mechanical device that does not significantly restrict the free movement of all or a portion of the student's body. Restraint that involves significant restriction as referenced in subsection (b)(2) of this section does not include:
 - (1) physical contact or appropriately prescribed adaptive equipment to promote normative body positioning and/or physical functioning;
 - (2) limited physical contact with a student to promote safety (e.g., holding a student's hand), prevent a potentially harmful action (e.g., running into the street), teach a skill, redirect attention, provide guidance to a location, or provide comfort;

- (3) limited physical contact or appropriately prescribed adaptive equipment to prevent a student from engaging in ongoing, repetitive self-injurious behaviors, with the expectation that instruction will be reflected in the individualized education program (IEP) as required by 34 CFR, §300.324(a)(2)(i) to promote student learning and reduce and/or prevent the need for ongoing intervention; or
 - (4) seat belts and other safety equipment used to secure students during transportation.
- (g) Use of time-out. A school employee, volunteer, or independent contractor may use time-out in accordance with subsection (b)(3) of this section with the following limitations.
- (1) Physical force or threat of physical force must not be used to place a student in time-out.
 - (2) Time-out may only be used in conjunction with an array of positive behavior intervention strategies and techniques and must be included in the student's IEP and/or BIP if it is utilized on a recurrent basis to increase or decrease a targeted behavior.
 - (3) Use of time-out must not be implemented in a fashion that precludes the ability of the student to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the student's IEP.
- (h) Training on use of time-out. Training for school employees, volunteers, or independent contractors must be provided according to the following requirements.
- (1) General or special education personnel who implement time-out based on requirements established in a student's IEP and/or BIP must be trained in the use of time-out.
 - (2) Newly-identified personnel called upon to implement time-out based on requirements established in a student's IEP and/or BIP must receive training in the use of time-out within 30 school days of being assigned the responsibility for implementing time-out.
 - (3) Training on the use of time-out must be provided as part of a program which addresses a full continuum of positive behavioral intervention strategies, and must address the impact of time-out on the ability of the student to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the student's IEP.
 - (4) All trained personnel must receive instruction in current professionally accepted practices and standards regarding behavior management and the use of time-out.
- (i) Documentation on use of time-out. Necessary documentation or data collection regarding the use of time-out, if any, must be addressed in the IEP or BIP. The ARD committee must use any collected data to judge the effectiveness of the intervention and provide a basis for making determinations regarding its continued use.
- (j) Student safety. Any behavior management technique and/or discipline management practice must be implemented in such a way as to protect the health and safety of the student and others. No discipline management practice may be calculated to inflict injury, cause harm, demean, or deprive the student of basic human necessities.
- (k) Data reporting. With the exception of actions covered by subsection (f) of this section, data regarding the use of restraint must be electronically reported to the Texas Education Agency (TEA) in accordance with reporting standards specified by the TEA.
- (l) Peace officers. The provisions adopted under this section apply to a peace officer only if the peace officer is employed or commissioned by the school district or provides, as a school resource officer, a regular police presence on a school district campus under a memorandum of understanding between the school district and a local law enforcement agency, except that the data reporting requirements in subsection (k) of this section apply to the use of restraint by any peace officer performing law enforcement duties on school property or during a school-sponsored or school-related activity.
- (m) The provisions adopted under this section do not apply to:
- (1) juvenile probation, detention, or corrections personnel; or

- (2) an educational services provider with whom a student is placed by a judicial authority, unless the services are provided in an educational program of a school district.

§89.1055. Content of the Individualized Education Program.

- (a) The individualized education program (IEP) developed by the admission, review, and dismissal (ARD) committee for each student with a disability must comply with the requirements of 34 Code of Federal Regulations (CFR), §300.320 and §300.324.
- (b) The IEP must include a statement of any individual appropriate and allowable accommodations in the administration of assessment instruments developed in accordance with Texas Education Code (TEC), §39.023(a)-(c), or districtwide assessments of student achievement (if the district administers such optional assessments) that are necessary to measure the academic achievement and functional performance of the student on the assessments. If the ARD committee determines that the student will not participate in a general statewide or districtwide assessment of student achievement (or part of an assessment), the IEP must include a statement explaining:
 - (1) why the student cannot participate in the general assessment; and
 - (2) why the particular alternate assessment selected is appropriate for the student.
- (c) If the ARD committee determines that the student is in need of extended school year (ESY) services, as described in §89.1065 of this title (relating to Extended School Year Services), then the IEP must identify which of the goals and objectives in the IEP will be addressed during ESY services.
- (d) For students with visual impairments, from birth through 21 years of age, the IEP or individualized family services plan (IFSP) must also meet the requirements of TEC, §30.002(e).
- (e) For students eligible under §89.1040(c)(1) of this title (relating to Eligibility Criteria), the strategies described in this subsection must be considered, based on peer-reviewed, research-based educational programming practices to the extent practicable and, when needed, addressed in the IEP:
 - (1) extended educational programming (for example: extended day and/or extended school year services that consider the duration of programs/settings based on assessment of behavior, social skills, communication, academics, and self-help skills);
 - (2) daily schedules reflecting minimal unstructured time and active engagement in learning activities (for example: lunch, snack, and recess periods that provide flexibility within routines; adapt to individual skill levels; and assist with schedule changes, such as changes involving substitute teachers and pep rallies);
 - (3) in-home and community-based training or viable alternatives that assist the student with acquisition of social/behavioral skills (for example: strategies that facilitate maintenance and generalization of such skills from home to school, school to home, home to community, and school to community);

 - (5) beginning at any age, consistent with subsection (h) of this section, futures planning for integrated living, work, community, and educational environments that considers skills necessary to function in current and post-secondary environments;

- (6) parent/family training and support, provided by qualified personnel with experience in Autism Spectrum Disorders (ASD), that, for example:
 - (A) provides a family with skills necessary for a student to succeed in the home/community setting;
 - (B) includes information regarding resources (for example: parent support groups, workshops, videos, conferences, and materials designed to increase parent knowledge of specific teaching/management techniques related to the student's curriculum); and
 - (C) facilitates parental carryover of in-home training (for example: strategies for behavior management and developing structured home environments and/or communication training so that parents are active participants in promoting the continuity of interventions across all settings);
- (7) suitable staff-to-student ratio appropriate to identified activities and as needed to achieve social/behavioral progress based on the student's developmental and learning level (acquisition, fluency, maintenance, generalization) that encourages work towards individual independence as determined by, for example:

- (10) professional educator/staff support (for example: training provided to personnel who work with the student to assure the correct implementation of techniques and strategies described in the IEP); and
- (11) teaching strategies based on peer reviewed, research-based practices for students with ASD (for example: those associated with discrete-trial training, visual supports, applied behavior analysis, structured learning, augmentative communication, or social skills training).
- (f) If the ARD committee determines that services are not needed in one or more of the areas specified in subsection (e) of this section, the IEP must include a statement to that effect and the basis upon which the determination was made.
- (g) If the ARD committee determines that a behavior improvement plan or a behavioral intervention plan is appropriate for a student, that plan must be included as part of the student's IEP and provided to each teacher with responsibility for educating the student.
- (h) In accordance with TEC, §29.011 and §29.0111, not later than when a student reaches 14 years of age, the ARD committee must consider, and if appropriate, address the following issues in the IEP:
 - (1) appropriate student involvement in the student's transition to life outside the public school system;
 - (2) if the student is younger than 18 years of age, appropriate parental involvement in the student's transition;

§89.1056. Transfer of Assistive Technology Devices.

- (a) Unless otherwise specifically defined in this section, the terms used in this section shall have the meanings ascribed to such terms in Texas Education Code (TEC), §30.0015, (Transfer of Assistive Technology Devices).
- (b) A transfer of an assistive technology device (ATD) pursuant to TEC, §30.0015, shall be in accordance with a transfer agreement which incorporates the standards described in TEC, §30.0015(c), and which includes, specifically, the following.
 - (1) The transferor and transferee must represent and agree that the terms of the transfer are based on the fair market value of the ATD, determined in accordance with generally accepted accounting principles.
 - (2) The informed consent of the parent of the student with a disability for whom the ATD is being transferred must be obtained before the transfer of an ATD pursuant to TEC, §30.0015. The procedures employed by a school district in obtaining such informed consent shall be consistent with the procedures employed by the district to obtain parental consent under 34 Code of Federal Regulations (CFR), §300.300. If the student has the legal capacity to enter into a contract, the informed consent may be obtained from the student. Consistent with 34 CFR, §300.505(c), informed parental or adult student consent need not be obtained if the school district can demonstrate that it has taken reasonable measures to obtain that consent, and the student's parent or the adult student has failed to respond. To meet the reasonable measures requirement, the school district must use procedures consistent with those described in 34 CFR, §300.322(d).
 - (3) If the transfer is a sale, then the sale of the ATD shall be evidenced by a "Uniform Transfer Agreement" (UTA) which includes the following:
 - (A) the names of the transferor and the transferee (which may be any individual or entity identified in TEC, §30.0015(b));
 - (B) the date of the transfer;
 - (C) a description of the ATD being transferred;
 - (D) the terms of the transfer (including the transfer of warranties, to the extent applicable); and
 - (E) the signatures of authorized representatives of both the transferor and the transferee.

- (c) The Texas Education Agency shall annually disseminate to school districts the standards for a school district's transfer of an ATD pursuant to TEC, §30.0015.
- (d) Nothing in this section or in TEC, §30.0015, shall:
 - (1) alter any existing obligation under federal or state law to provide ATDs to students with disabilities;
 - (2) require a school district to transfer an ATD to any person or entity;
 - (3) limit a school district's right to sell, lease, loan, or otherwise convey or dispose of property as authorized by federal or state laws, rules, or regulations; or
 - (4) authorize any transfer of an ATD that is inconsistent with any restriction on transferability imposed by the manufacturer or developer of the ATD or applicable federal or state laws, rules, or regulations.

§89.1065. Extended School Year Services.

Extended school year (ESY) services are defined as individualized instructional programs beyond the regular school year for eligible students with disabilities.

- (1) The need for ESY services must be determined on an individual student basis by the admission, review, and dismissal (ARD) committee in accordance with 34 Code of Federal Regulations (CFR), §300.106, and the provisions of this section. In determining the need for and in providing ESY services, a school district may not:
 - (A) limit ESY services to particular categories of disability; or
 - (B) unilaterally limit the type, amount, or duration of ESY services.
- (2) The need for ESY services must be documented from formal and/or informal evaluations provided by the district or the parents. The documentation must demonstrate that in one or more critical areas addressed in the current individualized education program (IEP) goals and objectives, the student has exhibited, or reasonably may be expected to exhibit, severe or substantial regression that cannot be recouped within a reasonable period of time. Severe or substantial regression means that the student has been, or will be, unable to maintain one or more acquired critical skills in the absence of ESY services.
- (3) The reasonable period of time for recoupment of acquired critical skills must be determined on the basis of needs identified in each student's IEP. If the loss of acquired critical skills would be particularly severe or substantial, or if such loss results, or reasonably may be expected to result, in immediate physical harm to the student or to others, ESY services may be justified without consideration of the period of time for recoupment of such skills. In any case, the period of time for recoupment must not exceed eight weeks.
- (4) A skill is critical when the loss of that skill results, or is reasonably expected to result, in any of the following occurrences during the first eight weeks of the next regular school year:
 - (A) placement in a more restrictive instructional arrangement;
 - (B) significant loss of acquired skills necessary for the student to appropriately progress in the general curriculum;
 - (C) significant loss of self-sufficiency in self-help skill areas as evidenced by an increase in the number of direct service staff and/or amount of time required to provide special education or related services;

- (D) loss of access to community-based independent living skills instruction or an independent living environment provided by noneducational sources as a result of regression in skills; or
 - (E) loss of access to on-the-job training or productive employment as a result of regression in skills.
- (5) If the district does not propose ESY services for discussion at the annual review of a student's IEP, the parent may request that the ARD committee discuss ESY services pursuant to 34 CFR, §300.321.
 - (6) If a student for whom ESY services were considered and rejected loses critical skills because of the decision not to provide ESY services, and if those skills are not regained after the reasonable period of time for recoupment, the ARD committee must reconsider the current IEP if the student's loss of critical skills interferes with the implementation of the student's IEP.
 - (7) For students enrolling in a district during the school year, information obtained from the prior school district as well as information collected during the current year may be used to determine the need for ESY services.
 - (8) The provision of ESY services is limited to the educational needs of the student and must not supplant or limit the responsibility of other public agencies to continue to provide care and treatment services pursuant to policy or practice, even when those services are similar to, or the same as, the services addressed in the student's IEP. No student will be denied ESY services because the student receives care and treatment services under the auspices of other agencies.
 - (9) Districts are not eligible for reimbursement for ESY services provided to students for reasons other than those set forth in this section.

- (a) Graduation with a regular high school diploma under subsections (b)(1), (b)(2)(D), (g)(1), (g)(2), (g)(3), or (g)(4)(D) of this section terminates a student's eligibility for special education services under this subchapter and Part B of the Individuals with Disabilities Education Act and entitlement to the benefits of the Foundation School Program, as provided in Texas Education Code (TEC), §42.003(a).
- (b) A student entering Grade 9 in the 2014-2015 school year and thereafter who receives special education services may graduate and be awarded a regular high school diploma if the student meets one of the following conditions.
 - (1) The student has demonstrated mastery of the required state standards (or district standards if greater) in Chapters 110-118, 126-128, and 130 of this title and satisfactorily completed credit requirements for graduation under the Foundation High School Program specified in §74.12 of this title (relating to Foundation High School Program) applicable to students in general education as well as satisfactory performance as established in the TEC, Chapter 39, on the required state assessments, unless the student's admission, review, and dismissal (ARD) committee has determined that satisfactory performance on the required state assessments is not necessary for graduation.
 - (2) The student has demonstrated mastery of the required state standards (or district standards if greater) in Chapters 110-118, 126-128, and 130 of this title and satisfactorily completed credit requirements for graduation under the Foundation High School Program specified in §74.12 of this title through courses, one or more of which contain modified curriculum that is aligned to the standards applicable to students in general education, as well as satisfactory performance as established in the TEC, Chapter 39, on the required state assessments, unless the student's ARD

committee has determined that satisfactory performance on the required state assessments is not necessary for graduation. The student must also successfully complete the student's individualized education program (IEP) and meet one of the following conditions.

- (A) Consistent with the IEP, the student has obtained full-time employment, based on the student's abilities and local employment opportunities, in addition to mastering sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district.
 - (B) Consistent with the IEP, the student has demonstrated mastery of specific employability skills and self-help skills that do not require direct ongoing educational support of the local school district.
 - (C) The student has access to services that are not within the legal responsibility of public education or employment or educational options for which the student has been prepared by the academic program.
 - (D) The student no longer meets age eligibility requirements.
- (c) A student receiving special education services may earn an endorsement under §74.13 of this title (relating to Endorsements) if the student:
- (1) satisfactorily completes the requirements for graduation under the Foundation High School Program specified in §74.12 of this title as well as the additional credit requirements in mathematics, science, and elective courses as specified in §74.13(e) of this title with or without modified curriculum;
 - (2) satisfactorily completes the courses required for the endorsement under §74.13(f) of this title without any modified curriculum; and
 - (3) performs satisfactorily as established in the TEC, Chapter 39, on the required state assessments.

- (e) In order for a student receiving special education services to use a course to satisfy both a requirement under the Foundation High School Program specified in §74.12 of this title and a requirement for an endorsement under §74.13 of this title, the student must satisfactorily complete the course without any modified curriculum.
- (f) A student receiving special education services who entered Grade 9 before the 2014-2015 school year may graduate and be awarded a high school diploma under the Foundation High School Program as provided in §74.1021 of this title (relating to Transition to the Foundation High School Program), if the student's ARD committee determines that the student should take courses under that program and the student satisfies the requirements of that program. Subsections (c) and (d) of this section apply to a student transitioning to the Foundation High School Program under this subsection. As the TEC, §28.0258 and §39.025(a-2), modify the state assessment requirements applicable to students in general education, a student receiving special education services who is classified in Grade 11 or 12 who has taken each of the state assessments required by Chapter 101, Subchapter CC, of this title (relating to Commissioner's Rules Concerning Implementation of the Academic Content Areas Testing Program) or Subchapter DD of this title (relating to Commissioner's Rules Concerning Substitute Assessments for Graduation) but failed to achieve satisfactory performance on no more than two of the assessments may graduate if the student has satisfied all other applicable graduation requirements.
- (g) A student receiving special education services who entered Grade 9 before the 2014-2015 school year may graduate and be awarded a regular high school diploma if the student meets one of the following conditions.

- (1) The student has demonstrated mastery of the required state standards (or district standards if greater) in Chapters 110-118, 126-128, and 130 of this title and satisfactorily completed credit requirements for graduation (under the recommended or distinguished achievement high school programs in Chapter 74, Subchapter F, of this title (relating to Graduation Requirements, Beginning with School Year 2007-2008) or Chapter 74, Subchapter G, of this title (relating to Graduation Requirements, Beginning with School Year 2012-2013)), as applicable, including satisfactory performance as established in the TEC, Chapter 39, on the required state assessments.
 - (2) Notwithstanding paragraph (1) of this subsection, as the TEC, §28.0258 and §39.025(a-2), modify the state assessment requirements applicable to students in general education, a student receiving special education services who is classified in Grade 11 or 12 may graduate under the recommended or distinguished achievement high school program, as applicable, if the student has taken each of the state assessments required by Chapter 101, Subchapter CC, of this title (relating to Commissioner's Rules Concerning Implementation of the Academic Content Areas Testing Program) or Subchapter DD of this title (relating to Commissioner's Rules Concerning Substitute Assessments for Graduation) but failed to achieve satisfactory performance on no more than two of the assessments and has met all other applicable graduation requirements in paragraph (1) of this subsection.
 - (3) The student has demonstrated mastery of the required state standards (or district standards if greater) in Chapters 110-118, 126-128, and 130 of this title and satisfactorily completed credit requirements for graduation (under the minimum high school program in Chapter 74, Subchapter F or G, of this title), as applicable, including participation in required state assessments. The student's ARD committee will determine whether satisfactory performance on the required state assessments is necessary for graduation.

The student's ARD committee will determine whether satisfactory performance on the required state assessments is necessary for graduation. The student graduating under this subsection must also successfully complete the student's IEP and meet one of the following conditions.
 - (A) Consistent with the IEP, the student has obtained full-time employment, based on the student's abilities and local employment opportunities, in addition to mastering sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district.
 - (B) Consistent with the IEP, the student has demonstrated mastery of specific employability skills and self-help skills that do not require direct ongoing educational support of the local school district.
 - (C) The student has access to services that are not within the legal responsibility of public education or employment or educational options for which the student has been prepared by the academic program.
 - (D) The student no longer meets age eligibility requirements.
- (h) All students graduating under this section must be provided with a summary of academic achievement and functional performance as described in 34 Code of Federal Regulations (CFR), §300.305(e)(3). This summary must consider, as appropriate, the views of the parent and student and written recommendations from adult service agencies on how to assist the student in meeting postsecondary goals. An evaluation as required by 34 CFR, §300.305(e)(1), must be included as part of the summary for a student graduating under subsections (b)(2)(A), (B), or (C) or (g)(4)(A), (B), or (C) of this section.

- (i) Students who participate in graduation ceremonies but who are not graduating under subsections (b)(2)(A), (B), or (C) or (g)(4)(A), (B), or (C) of this section and who will remain in school to complete their education do not have to be evaluated in accordance with subsection (h) of this section.

- (k) For students who receive a diploma according to subsections (b)(2)(A), (B), or (C) or (g)(4)(A), (B), or (C) of this section, the ARD committee must determine needed educational services upon the request of the student or parent to resume services, as long as the student meets the age eligibility requirements.
- (l) For purposes of this section, modified curriculum and modified content refer to any reduction of the amount or complexity of the required knowledge and skills in Chapters 110-118, 126-128, and 130 of this title. Substitutions that are specifically authorized in statute or rule must not be considered modified curriculum or modified content.

§89.1085. Referral for the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf Services.

- (a) A student's admission, review, and dismissal (ARD) committee may place the student at the Texas School for the Blind and Visually Impaired (TSBVI) or the Texas School for the Deaf (TSD) in accordance with the provisions of 34 Code of Federal Regulations (CFR), Part 300, the Texas Education Code (TEC), including, specifically, §§30.021, 30.051, and 30.057, and the applicable rules of this subchapter.
- (b) In the event that a student is placed by his or her ARD committee at either the TSBVI or the TSD, the student's "resident school district," as defined in subsection (e) of this section, shall be responsible for assuring that a free appropriate public education (FAPE) is provided to the student at the TSBVI or the TSD, as applicable, in accordance with the Individuals with Disabilities Education Act (IDEA), 20 United States Code (USC), §§1400 et seq., 34 CFR, Part 300, state statutes, and rules of the State Board of Education (SBOE) and the commissioner of education. If representatives of the resident school district and representatives of the TSBVI or the TSD disagree, as members of a student's ARD committee, with respect to a recommendation by one or more members of the student's ARD committee that the student be evaluated for placement, initially placed, or continued to be placed at the TSBVI or TSD, as applicable, the representatives of the resident school district and the TSBVI or TSD, as applicable, may seek resolution through the mediation procedures adopted by the Texas Education Agency or through any due process hearing to which the resident school district or the TSBVI or the TSD are entitled under the IDEA, 20 USC, §§1400, et seq.
- (c) When a student's ARD committee places the student at the TSBVI or the TSD, the student's resident school district shall comply with the following requirements.
 - (1) For each student, the resident school district shall list those services in the student's individualized education program (IEP) which the TSBVI or the TSD can appropriately provide.
 - (2) The district may make an on-site visit to verify that the TSBVI or the TSD can and will offer the services listed in the individual student's IEP and to ensure that the school offers an appropriate educational program for the student.
 - (3) For each student, the resident school district shall include in the student's IEP the criteria and estimated time lines for returning the student to the resident school district.
- (d) In addition to the provisions of subsections (a)-(c) of this section, and as provided in TEC, §30.057, the TSD shall provide services in accordance with TEC, §30.051, to any eligible student with a disability for whom the TSD is an appropriate placement if the student has been referred for admission by the student's parent or legal guardian, a person with legal authority to act in place of the parent or legal guardian, or the student, if the student is age 18 or older, at any time during the school year if the referring person chooses the TSD as the appropriate placement for the student rather than placement in the student's resident school district or regional program determined by the student's ARD committee. For students placed at the TSD pursuant to this subsection, the TSD shall be responsible for assuring that a FAPE is provided to the student at the TSD, in accordance with IDEA, 20 USC, §§1400, et seq., 34 CFR, Part 300, state statutes, and rules of the SBOE and the commissioner of education.
- (e) For purposes of this section and §89.1090 of this title (relating to Transportation of Students Placed in a Residential Setting, Including the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf), the "resident school district" is the school district in which the student would be enrolled under TEC, §25.001, if the student were not placed at the TSBVI or the TSD.

§89.1090. Transportation of Students Placed in a Residential Setting, Including the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf.

For each student placed in a residential setting by the student's admission, review, and dismissal (ARD) committee, including those students placed in the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf, the resident school district shall be responsible for transportation at the beginning and end of the term and for regularly scheduled school holidays when students are expected to leave the residential campus. The resident school district is not responsible for transportation costs for students placed in residential settings by their parents. Transportation costs shall not exceed state approved per diem and mileage rates unless excess costs can be justified and documented. Transportation shall be arranged using the most cost efficient means. When it is necessary for the safety of the student, as determined by the ARD committee, for an adult designated by the ARD committee to accompany the student, round-trip transportation for that adult shall also be provided. The resident school district and the residential facility shall coordinate to ensure that students are transported safely, including the periods of departure and arrival.

§89.1096. Provision of Services for Students Placed by their Parents in Private Schools or Facilities.

- (a) Except as specifically provided in this section, in accordance with 34 Code of Federal Regulations (CFR), §300.137, no eligible student who has been placed by his or her parent(s) in a private school or facility has an individual right to receive some or all of the special education and related services that the student would receive if he or she were enrolled in a public school district. Except as specifically set forth in this section, a school district's obligations with respect to students placed by their parents in private schools are governed by 34 CFR, §§300.130-300.144.
- (1) For purposes of subsections (a) and (d) of this section only, private school is defined as a private elementary or secondary school, including any pre-school, religious school, and institutional day or residential school, that:
- (A) as required by 34 CFR, §300.13 and §300.130, is a nonprofit entity that meets the definition of nonprofit in 34 CFR, §77.1; and
- (B) provides elementary or secondary education that incorporates an adopted curriculum designed to meet basic educational goals, including scope and sequence of courses, and formal review and documentation of student progress.
- (2) A home school must meet the requirements of paragraph (1)(B) of this subsection, but not paragraph (1)(A) of this subsection, to be considered a private school for purposes of subsections (a) and (d) of this section.
- (b) When a student with a disability who has been placed by his or her parents directly in a private school or facility is referred to the local school district, the local district shall convene an admission, review, and dismissal (ARD) committee meeting to determine whether the district can offer the student a free appropriate public education (FAPE). If the district determines that it can offer a FAPE to the student, the district is not responsible for providing educational services to the student, except as provided in 34 CFR, §§300.130-300.144, or subsection (e) of this section, until such time as the parents choose to enroll the student in public school full time.
- (c) Parents of an eligible student ages 3 or 4 shall have the right to "dual enroll" their student in both the public school and the private school beginning on the student's third birthday and continuing until the end of the school year in which the student turns five or until the student is eligible to attend a district's public school kindergarten program, whichever comes first, subject to paragraphs (1)-(3) of this subsection. The public school district where a student resides is responsible for providing special education and related services to a student whose parents choose dual enrollment.

- (1) The student's ARD committee shall develop an individualized education program (IEP) designed to provide the student with a FAPE in the least restrictive environment appropriate for the student.
 - (2) From the IEP, the parent and the district shall determine which special education and/or related services will be provided to the student and the location where those services will be provided, based on the requirements concerning placement in the least restrictive environment set forth in 34 CFR, §§300.114-300.120, and the policies and procedures of the district.
 - (3) For students served under the provisions of this subsection, the school district shall be responsible for the employment and supervision of the personnel providing the service, providing the needed instructional materials, and maintaining pupil accounting records. Materials and services provided shall be consistent with those provided for students enrolled only in the public school and shall remain the property of the school district.
- (d) Parents of an eligible student ages 3 or 4 who decline dual enrollment for their student may request a services plan as described in 34 CFR, §§300.130-300.144. The public school district where the private school is located is responsible for the development of a services plan, if the student is designated to receive services under 34 CFR, §300.132.
- (e) The school district shall provide special transportation with federal funds only when the ARD committee determines that the condition of the student warrants the service in order for the student to receive the special education and related services (if any) set forth in the IEP.
- (f) Complaints regarding the implementation of the components of the student's IEP that have been selected by the parent and the district under subsection (c) of this section may be filed with the Texas Education Agency under the procedures in 34 CFR, §§300.151-300.153. Additionally, parents may request mediation as outlined in 34 CFR, §300.506. The procedures in 34 CFR, §§300.300, 300.504, 300.507, 300.508, and 300.510-300.518 (relating to due process hearings) do not apply to complaints regarding the implementation of the components of the student's IEP that have been selected by the parent and the district under subsection (c).

- (d) Terms of MOU. The parties agree to the following terms:
- (1) The responsibilities of LEAs and RFs related to the provision of a FAPE to students with disabilities who reside in RFs are established as follows.
 - (A) LEAs must provide or ensure the provision of a FAPE to students with disabilities residing in RFs in accordance with IDEA, applicable federal regulations, and state laws and rules.
 - (i) Except as provided in paragraph (2) of this subsection, an LEA must provide or ensure the provision of a FAPE for a student with a disability residing in an RF located in the geographical area served by that LEA.
 - (ii) If an LEA places a student with a disability in an RF for educational purposes, the placing LEA must provide or ensure the provision of a FAPE to the student.

- (B) Not later than the third day after the date a person 22 years of age or younger is placed in an RF, the RF must provide notification in accordance with TEC, §29.012(a), as follows:
 - (i) if the person placed in the RF is three years of age or older, the RF must notify the LEA in which the RF is located, unless the RF is an open-enrollment charter school or the RF has been designated as an LEA (e.g., TYC correctional facilities, Texas School for the Deaf, the University of Texas Medical Branch); or
 - (ii) if the person placed in the RF is younger than three years of age, the RF must notify a local early childhood intervention program in the area in which the RF is located.
- (2) Regulatory and planning functions of the parties are coordinated as follows.
 - (A) The parties will require LEAs and RFs to:
 - (i) share, within a reasonable period of time and to the extent permitted by applicable statutes and regulations, all appropriate records and relevant information relating to a student with a disability. This subsection does not authorize the LEA to modify requirements for admission and enrollment into an LEA as set forth in TEC, Chapter 25. The records and information to be shared may include, but are not limited to:
 - (I) birth certificate or other identifying document that proves the student's age;
 - (II) medical history and medical records, including current immunization records and a history of infectious disease (e.g., Hepatitis B, tuberculosis), including a description of any behavioral characteristics related to the transmission of such disease;
 - (III) social history;
 - (IV) vision and hearing screening and evaluation;
 - (V) evaluation reports, including psychological, educational, related service, assistive technology and vocational evaluations, and behavioral assessments;
 - (VI) treatment plan of care or service;

 - (IX) information regarding a student's movement from an RF to a subsequent residence, including but not limited to the date the student left the RF and the location of the student's subsequent residence; and
 - (X) name and phone number of contact persons representing the RF and the LEA; and
 - (ii) coordinate a student's individualized education program (IEP) and treatment plan of care or service. Coordination between an LEA and RF includes but is not limited to communication about responsibilities and timelines related to the development and implementation of the IEP and treatment plan, including permanency planning.
 - (B) TEA will require LEAs to provide:
 - (i) the name and phone number of the contact person representing the RF to the surrogate parent, upon assignment of the surrogate parent;

- (ii) the name and phone number of the surrogate parent, upon assignment of the surrogate parent, to the contact person representing the RF; and
 - (iii) designation and training of surrogate parents in accordance with §89.1047 of this title (relating to Procedures for Surrogate and Foster Parents).
 - (C) TYC and the HHS agencies will provide the following notifications to TEA.
 - (i) TYC and the HHS agencies, other than PRS, will notify TEA when an RF opens, closes, expands, or reduces its capacity to provide services, if the notifying agency expects such action will have a significant effect on one or more LEAs. The notice will be provided to TEA before the RF opens, closes, expands, or reduces its capacity to provide services, or as soon thereafter as the notifying agency becomes aware of the action. If an RF is closing, the notifying TYC or HHS agency will request that the RF attempt to obtain any consent necessary to release to TEA and an LEA, information about a student with a disability residing in the RF, including the student's name, date of birth, social security number, disability, and name of the LEA to which the student will be moving. TEA will notify the affected LEA of the expected action so the LEA can adjust its capacity to serve students with disabilities.
 - (ii) PRS will provide TEA with a copy of the notice required by Texas Human Resources Code, §42.0461(a)(2). Additionally, PRS and TEA will explore possible use of PRS' Child Care Licensing Automation Support Services management system to generate information that may assist TEA in its effort to notify LEAs when an RF opens, closes, expands, or reduces its capacity to provide services.
- (3) Criteria for determining when a public school will provide educational services are established as follows.
 - (A) TEA will ensure that the local school district provides a FAPE to all eligible students with disabilities, in the least restrictive environment (LRE), to the maximum extent appropriate, to meet the individual educational needs of the student as determined by a duly-constituted admission, review, and dismissal (ARD) committee, and in accordance with §89.1001 of this title (relating to Scope and Applicability).
 - (B) The student's ARD committee must determine the appropriate educational placement for the student, considering all available information regarding the educational needs of the student, and including the non-educational needs that may restrict the ability of the LEA to serve the student on a public school campus or other instructional setting. These non-educational needs could include the student's health and safety (e.g. substance abuse), and/or the student's placement in a restrictive RF program (e.g., juvenile incarceration or restrictive court-ordered placements). The ARD committee's determination must be individualized based on student need and not made on a categorical basis, such as the student's disability or residence in an RF. Further, ARD committees must not determine educational placement on the basis of what is most convenient to LEAs or RFs.
- (4) When educational services will be provided at an RF, appropriate educational space will be determined as follows.
 - (A) The ARD committee must determine whether space available at the RF is appropriate for the provision of a FAPE. This determination must be based on the individual student's needs and the RF's available space.
 - (B) An ARD committee must find alternative locations for providing educational services if the ARD committee or RF determines that the RF has no appropriate available space.
- (5) Measures designed to ensure the safety of students and teachers are established as follows.

- (A) The parties will require RFs and LEAs to agree in writing to the staffing levels that will be maintained by both the RF and the LEA to ensure the safety of students and teachers while educational services are provided at an RF.
 - (B) TYC, TJPC, and HHS agencies will require RFs to communicate to LEA staff applicable safety, emergency, and security procedures to be followed while educational services are provided at an RF.
- (6) Disputes concerning the implementation of this MOU will be resolved as follows.
- (A) Local disputes. Resolution of disputes concerning implementation of this MOU between LEAs or between an LEA and an RF shall first be attempted at the local level. The specific issues involved in the dispute and possible solutions shall be identified and referred to local personnel authorized to make decisions necessary to resolve the dispute. If resolution is not reached after a reasonable period of time (not to exceed 45 calendar days unless the disputing entities agree otherwise), the LEA shall refer (and the RF may refer) the dispute to TEA for further negotiations toward a mutually agreeable resolution. TEA will contact the disputing entities and set up a meeting for this purpose. Local entities referring disputes to TEA shall identify:
 - (i) the nature of the dispute;
 - (ii) any resolutions agreed upon;
 - (iii) the issues that remain unresolved; and
 - (iv) the contact persons representing the disputing entities.
 - (B) State agency disputes. Resolution of disputes concerning implementation of this MOU between two or more parties must first be attempted at the staff level. If resolution is not reached after a reasonable period of time (not to exceed 45 calendar days unless the disputing parties agree otherwise), the disputing parties will refer the dispute to their respective executive officers, or their designees for further negotiation. The appropriate state officials shall meet to seek resolution of the dispute.
 - (i) Mediation. If the chief executive officers of the disputing parties determine that the dispute cannot be resolved at their level, the disputing parties may pursue resolution through the use of mediation pursuant to the Governmental Dispute Resolution Act, Texas Government Code, Chapter 2009.
 - (ii) Arbitration. If the disputing parties do not agree to pursue resolution of their dispute through mediation, or if mediation does not result in a resolution of their dispute, the disputing parties will participate in binding arbitration consistent with Texas Government Code, Chapter 2009, and Texas Civil Practice and Remedies Code, §154.027.
- (7) Other terms of this MOU.
- (A) This MOU shall be signed by the executive officers of the participating agencies and shall be effective upon signature by all.
 - (B) This MOU may be considered for expansion, modification, or amendment upon mutual agreement of the executive officers of the participating agencies.
 - (C) In the event that federal and/or state laws should be amended, federally interpreted, or judicially interpreted so as to render continued implementation of this MOU unreasonable or impossible, the participating agencies may agree to amend or terminate this MOU.

Division 4. Special Education Funding

§89.1121. Distribution of State Funds.

- (a) Procedures for counting the average daily attendance (ADA) of students receiving special education services in various instructional settings must be developed by the commissioner of education and included in the student attendance accounting handbook adopted under §129.1025 of this title (relating to Adoption by Reference: Student Attendance Accounting Handbook).
- (b) State special education funds must be distributed to school districts on the basis of ADA of full-time equivalents of eligible students served in accordance with §129.21 of this title (relating to Requirements for Student Attendance Accounting for State Funding Purposes).
- (c) The special education attendance must be converted to contact hours by instructional arrangement and then to full-time equivalents. The full-time equivalent for each instructional arrangement is multiplied by the school district's adjusted basic allotment (ABA) or adjusted allotment (AA) and then multiplied by the weight for the instructional arrangement as prescribed in the Texas Education Code (TEC), §42.151(a). Contact hours for any one student receiving special education services may not exceed six hours per day or 30 hours per week for funding purposes. The total contact hours generated per week is divided by 30 to determine the full-time equivalents. Special education full-time equivalents generated are deducted from the school district's ADA for purposes of the regular education allotment.
- (d) The receipt of special education funds is contingent upon the operation of an approved comprehensive special education program in accordance with state and federal laws and regulations. No district may divert special education funds for other purposes, with the exception of administrative costs as defined in Chapter 105, Subchapter B, of this title (relating to Use of State Funds). Funds generated by full-time equivalents in one instructional arrangement may be spent on the overall special education program and are not limited to the instructional arrangement which generated the funds. The district must maintain separate accountability for the total state special education program fund within the general fund.
- (e) A special education fund balance may be carried over to the next fiscal year but must be expended on the special education program in the subsequent year. State special education carryover funds cannot be used for administrative costs.
- (f) Students who are at least three, but younger than 22, years of age on September 1 of the current scholastic year who participate in the regional day school program for the deaf may be counted as part of the district's ADA if they receive instruction from the basic program for at least 50% of the school day.
- (g) Students from birth through age two with a visual or auditory impairment or both who are provided services by the district according to an individual family services plan (IFSP) must be enrolled on the district home or regional day school campus and must be considered eligible for ADA on the same basis as other students receiving special education services.
- (h) Funding for the mainstream special education instructional arrangement must be based on the average daily attendance of the students in the arrangement multiplied by the ABA or AA and the 1.1 weight. §89.1170. Impartial Hearing Officer.

- (a) The Texas Education Agency (TEA) will maintain a pool of impartial hearing officers to conduct due process hearings. The TEA will assign cases to hearing officers who are private practice attorneys based on an alphabetical rotation. The TEA will assign cases to hearing officers who are employed by the State Office of Administrative Hearings (SOAH) in accordance with the procedures specified in the interagency contract between the TEA and SOAH. If, however, a request for a hearing relates to the same student who was involved in another hearing that was filed within the last 12 months, the TEA may assign the recently filed hearing request to the same hearing officer who presided over the previous hearing. In addition, the same hearing officer may be assigned to hearings involving siblings that are filed within 12 months of each other.
- (b) If a hearing officer is also a mediator under §89.1193 of this title (relating to Special Education Mediation), that individual will not be assigned as hearing officer if he or she is the mediator in a pending mediation involving the same student who is the subject of the hearing or was the mediator in a previous mediation involving the student who is the subject of the hearing.
- (c) A hearing officer must possess the knowledge and abilities described in 34 Code of Federal Regulations, §300.511(c), and must not be:
 - (1) an employee of the TEA or the public agency that is involved in the education or care of the child who is the subject of the hearing; or

- (2) a person having a personal or professional interest that conflicts with the person's objectivity in the hearing.
- (d) A hearing officer is not an employee of the TEA solely because the individual is paid by the TEA to serve as a hearing officer.
- (e) A hearing officer has the authority to administer oaths; call and examine witnesses; rule on motions, including discovery and dispositive motions; determine admissibility of evidence and amendments to pleadings; maintain decorum; schedule and recess the proceedings from day to day; and make any other orders as justice requires, including the application of sanctions as necessary to maintain an orderly hearing process.
- (f) If a hearing officer is removed, dies, becomes disabled, or withdraws from a hearing before the completion of duties, the TEA will designate a substitute hearing officer to complete the performance of duties without the necessity of repeating any previous proceedings.
- (g) A party to a hearing who has grounds to believe that the assigned hearing officer cannot afford the party a fair and impartial hearing due to bias, prejudice, or a conflict of interest may file a written request with the assigned hearing officer asking that the hearing officer recuse himself or herself from presiding over the hearing. Any such written request must state the grounds for the request and the facts upon which the request is based. Upon receipt of a request, the assigned hearing officer must review the request and determine the sufficiency of the grounds stated in the request. The hearing officer then must prepare a written order concerning the request and serve the order on the parties to the hearing within three business days of receiving the request. If the hearing officer finds that the grounds for recusal are insufficient, the TEA will assign a second hearing officer to review the request. The second hearing officer must rule on the request and serve a written order on the parties to the hearing within three business days of receiving the assignment. If the second hearing officer also determines that the grounds for recusal are insufficient, the assigned hearing officer will continue to preside over the hearing. If either the assigned hearing officer or the second hearing officer finds that the grounds for recusal are sufficient, the TEA will assign another hearing officer to preside over the remainder of the proceedings in accordance with the procedures in subsection (a) of this section.

 - (6) it is the party's responsibility to notify the hearing officer and the opposing party of any change in the status of the authorization and that the provisions of the authorization will remain in effect until the party notifies the hearing officer and the opposing party of the party's revocation of the authorization.
- (f) If the non-attorney representative receives monetary compensation in exchange for representing the party in the due process hearing, the written authorization must affirm the following:

- (j) A non-attorney representative may not file pleadings or other documents on behalf of a party, present statements and arguments on behalf of a party, examine and cross-examine witnesses, offer and introduce evidence, object to the introduction of evidence and testimony, or engage in other activities in a representative capacity unless the hearing officer has reviewed a written authorization filed under this section and determined that the non-attorney representative is qualified to represent the party in the hearing.
- (k) In accordance with the Texas Education Code, §38.022, a school district may require an attorney or a non-attorney representative who enters a school campus to display his or her driver's license or another form of government-issued identification. A school district may also verify whether the representative is a registered sex offender and may apply a policy adopted by its board of trustees regarding the action to be taken when a visitor to a school campus is identified as a sex offender.

- (b) The hearing officer must schedule a prehearing conference to be held at a time reasonably convenient to the parties to the hearing. The prehearing conference must be held by telephone unless the hearing officer determines that circumstances require an in-person conference.
- (c) The prehearing conference must be recorded and transcribed by a court reporter, who will promptly prepare a transcript of the prehearing conference for the hearing officer with copies to each of the parties.
- (d) The purpose of the prehearing conference will be to consider any of the following:
 - (1) specifying issues as set forth in the request for a hearing;
 - (2) admitting certain assertions of fact or stipulations;
 - (3) establishing any limitations on the number of witnesses and the time allotted for presenting each party's case; and/or

Each party must also include with the documents disclosed a list of all witnesses (including their names, addresses, phone numbers, and professions) that the party anticipates calling to testify at the hearing.
- (i) A party may request a dismissal or nonsuit of a hearing to the same extent that a plaintiff may dismiss or nonsuit a case under the Texas Rules of Civil Procedure, Rule 162. However, if a party requests a dismissal or nonsuit of a hearing after the Disclosure Deadline has passed and, at any time within one year thereafter requests a subsequent hearing involving the same or substantially similar issues as those alleged in the original hearing, then, absent good cause or unless the parties agree otherwise, only evidence disclosed and witnesses identified by the Disclosure Deadline in the original hearing may be introduced at the subsequent hearing.

§89.1183. Resolution Process.

- (a) Within 15 calendar days of receiving notice of the parent's request for a due process hearing, the public education agency must convene a resolution meeting with the parent and the relevant members of the admission, review, and dismissal committee who have specific knowledge of the facts identified in the request. The resolution meeting:
 - (1) must include a representative of the public education agency who has decision-making authority on behalf of the public education agency; and
 - (2) may not include an attorney of the public education agency unless the parent is accompanied by an attorney.
- (b) The purpose of the resolution meeting is for the parent of the child to discuss the hearing issues and the facts that form the basis of the request for a hearing so that the public education agency has the opportunity to resolve the dispute.
- (c) The resolution meeting described in subsections (a) and (b) of this section need not be held if:
 - (1) the parent and the public education agency agree in writing to waive the meeting; or
 - (2) the parent and the public education agency agree to use the mediation process described in §89.1193 of this title (relating to Special Education Mediation).
- (d) The parent and the public education agency determine the relevant members of the admission, review, and dismissal committee to attend the resolution meeting.
- (e) The parties may enter into a confidentiality agreement as part of their resolution agreement. There is nothing in this division, however, that requires the participants in a resolution meeting to keep the

discussion confidential or make a confidentiality agreement a condition of a parent's participation in the resolution meeting.

- (f) If the public education agency has not resolved the hearing issues to the satisfaction of the parent within 30 calendar days of the receipt of the request for a hearing, the hearing may occur.
- (g) Except as provided in subsection (k) of this section, the timeline for issuing a final decision begins at the expiration of this 30-day resolution period.
- (h) Except where the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding subsections (f) and (g) of this section, the failure of the parent filing a request for a hearing to participate in the resolution meeting delays the timelines for the resolution process and the hearing until the meeting is held.
- (i) If the public education agency is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented in accordance with the procedures in 34 Code of Federal Regulations, §300.322(d)), the public education agency may at the conclusion of the 30-day resolution period, request that a hearing officer dismiss the parent's request for a hearing.
- (j) If the public education agency fails to hold the resolution meeting within 15 calendar days of receiving the parent's request for a hearing or fails to participate in the resolution meeting, the parent may seek the intervention of the hearing officer to begin the hearing timeline.
- (k) Notwithstanding subsections (f) and (g) of this section, the timeline for issuing a final decision starts the calendar day after one of the following events:
 - (1) both parties agree in writing to waive the resolution meeting;
 - (2) after either the mediation or resolution meeting starts but before the end of the 30-day resolution period, the parties agree in writing that no agreement is possible; or
 - (3) if both parties agree in writing to continue the mediation at the end of the 30-day resolution period, but later the parent or public education agency withdraws from the mediation process.
- (l) If a resolution to the dispute is reached at the resolution meeting, the parties must execute a legally binding agreement that is:
 - (1) signed by both the parent and a representative of the public education agency who has the authority to bind the public education agency; and
 - (2) enforceable in any state or federal court of competent jurisdiction.
- (m) If the parties execute an agreement pursuant to subsection (l) of this section, a party may void the agreement within three business days of the agreement's execution.

§89.1185. Hearing Procedures.

- (a) The hearing officer must afford the parties an opportunity for hearing within the timelines set forth in 34 Code of Federal Regulations (CFR), §300.515 and §300.532, as applicable, unless the hearing officer, at the request of either party, grants an extension of time, except that the timelines for expedited hearings cannot be extended.
- (b) Each hearing must be conducted at a time and place that are reasonably convenient to the parents and child involved.
- (c) All persons in attendance must comport themselves with the same dignity, courtesy, and respect required by the district courts of the State of Texas. All argument must be made to the hearing officer alone.

- (d) Except as modified or limited by the provisions of 34 CFR, §§300.507-300.514 or 300.532, or this division, the Texas Rules of Civil Procedure will govern the proceedings at the hearing and the Texas Rules of Evidence will govern evidentiary issues.
- (e) Before a document may be offered or admitted into evidence, the document must be identified as an exhibit of the party offering the document. All pages within the exhibit must be numbered, and all personally identifiable information concerning any student who is not the subject of the hearing must be redacted from the exhibit.
- (f) The hearing officer may set reasonable time limits for presenting evidence at the hearing.
- (g) Upon request, the hearing officer, at his or her discretion, may permit testimony to be received by telephone.
- (h) Granting of a motion to exclude witnesses from the hearing room will be at the hearing officer's discretion.
- (i) Hearings conducted under this division must be closed to the public, unless the parent requests that the hearing be open.
- (j) The hearing must be recorded and transcribed by a court reporter, who will promptly prepare and transmit a transcript of the evidence to the hearing officer with copies to each of the parties.
- (k) Filing of post-hearing briefs will be permitted only upon order of the hearing officer.
- (l) The hearing officer must issue a final decision, signed and dated, no later than 45 calendar days after the expiration of the 30-day resolution period under 34 CFR, §300.510(b), and §89.1183 of this title (relating to Resolution Process) or the adjusted time periods described in 34 CFR, §300.510(c), and §89.1183 of this title after a request for a due process hearing is received by the Texas Education Agency (TEA), unless the deadline for a final decision has been extended by the hearing officer as provided in §89.1186 of this title (relating to Extensions of Time). A final decision must be in writing and must include findings of fact and conclusions of law separately stated. Findings of fact must be based exclusively on the evidence presented at the hearing. The final decision must be mailed to each party by the hearing officer on the day that the decision is issued. The hearing officer, at his or her discretion, may render his or her decision following the conclusion of the hearing, to be followed by written findings of fact and written decision.
- (m) At the request of either party, the hearing officer must include, in the final decision, specific findings of fact regarding the following issues:
 - (1) whether the parent or the public education agency unreasonably protracted the final resolution of the issues in controversy in the hearing; and
 - (2) if the parent was represented by an attorney, whether the parent's attorney provided the public education agency the appropriate information in the request for a hearing in accordance with 34 CFR, §300.508(b).
- (n) The decision issued by the hearing officer is final, except that any party aggrieved by the findings and decision made by the hearing officer, or the performance thereof by any other party, may bring a civil action with respect to the issues presented at the hearing in any state court of competent jurisdiction or in a district court of the United States, as provided in 34 CFR, §300.516.
- (o) A public education agency must implement any decision of the hearing officer that is, at least in part, adverse to the public education agency within the timeframe prescribed by the hearing officer or, if there is no timeframe prescribed by the hearing officer, within ten school days after the date the decision was rendered. In accordance with 34 CFR, §300.518(d), a public education agency must implement a hearing officer's decision during the pendency of an appeal, except that the public education agency may withhold reimbursement for past expenses ordered by the hearing officer.
- (p) In accordance with 34 CFR, §300.152(c)(3), a parent may file a complaint with the TEA alleging that a public education agency has failed to implement a hearing officer's decision.

§89.1186. Extensions of Time.

- (a) A hearing officer may grant extensions of time for good cause beyond the time period specified in §89.1185(l) of this title (relating to Hearing Procedures) at the request of either party. A hearing officer must not solicit extension requests, grant extensions on his or her own behalf, or unilaterally issue extensions for any reason. Any extension must be granted to a specific date, and the reason for the extension must be documented in a written order of the hearing officer and provided to each of the parties.
- (b) A hearing officer may grant a request for an extension only after fully considering the cumulative impact of the following factors:
 - (1) whether the delay will positively contribute to, or adversely affect, the child's educational interest or well-being;
 - (2) the need of a party for additional time to prepare or present the party's position at the hearing;
 - (3) any adverse financial or other detrimental consequences likely to be suffered by a party in the event of delay; and
 - (4) whether there has already been a delay in the proceeding through the actions of one of the parties.

§89.1191. Special Rule for Expedited Due Process Hearings.

A parent who disagrees with any decision regarding a child's placement under 34 Code of Federal Regulations (CFR), §300.530 and §300.531, or a manifestation determination under 34 CFR, §300.530(e), or a school district that believes that maintaining the current placement of a child is substantially likely to result in injury to the child or others, may appeal the decision by requesting an expedited due process hearing under 34 CFR, §300.532. An expedited due process hearing will be governed by the same procedural rules as are applicable to due process hearings generally, except that:

- (1) the hearing must occur within 20 school days of the date the request for a due process hearing is filed;
- (2) the hearing officer must make a decision within 10 school days after the hearing;
- (3) unless the parents and the school district agree in writing to waive the resolution meeting required by 34 CFR, §300.532(c)(3)(i), or to use the mediation process described in 34 CFR, §300.506, the resolution meeting must occur within seven calendar days of the receipt of the request for a hearing;
- (4) the hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 calendar days of the receipt of the request for a hearing;
- (5) the hearing officer must not grant any extensions of time or grant permission for the hearing to proceed under the timelines that apply to hearings involving non-disciplinary matters; and
- (6) the provisions in 34 CFR, §300.508(d), do not apply.

§89.1193. Special Education Mediation.

- (a) In accordance with 34 Code of Federal Regulations (CFR), §300.506, the Texas Education Agency (TEA) has established a mediation process to provide parents and public education agencies with an opportunity to resolve disputes involving any matter arising under Part B of the Individuals with Disabilities Education Act (IDEA) or 34 CFR, §300.1 et seq. Mediation is available to resolve these disputes at any time.
- (b) The mediation procedures must ensure that the process is:
 - (1) voluntary on the part of the parties;
 - (2) not used to deny or delay a parent's right to a due process hearing or to deny any other rights afforded under Part B of the IDEA; and
 - (3) conducted by a qualified and impartial mediator who is trained in effective mediation techniques and who is knowledgeable in laws and regulations relating to the provision of special education and related services.
- (c) A request for mediation must be in writing and must be filed with the TEA by mail, hand-delivery, or facsimile. The TEA has developed a form that may be used by parties requesting mediation. The form is available on request from the TEA and is also available on the TEA website.
- (d) The TEA will maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services.
- (e) An individual who serves as a mediator:
 - (1) must not be an employee of the TEA or the public education agency that is involved in the education or care of the child who is the subject of the mediation process;
 - (2) must not have a personal or professional conflict of interest, including relationships or contracts with schools or parents outside of mediations assigned by the TEA; and
 - (3) is not an employee of the TEA solely because the individual is paid by the TEA to serve as a mediator.
- (f) The TEA will select mediators on a random, rotational, or other impartial basis. Selecting mediators on an impartial basis includes permitting the parties involved in a dispute to agree on a mediator from the TEA's list of mediators. If the parties agree to a mediator, they must advise the TEA of the desired mediator. The TEA will provide the parties with written notice of the specific mediator assigned to conduct the mediation. The parties must not contact a mediator on the TEA's list of mediators until the TEA has provided the parties with the written notice of the mediator assignment.
- (g) If a mediator is also a hearing officer under §89.1170 of this title (relating to Impartial Hearing Officer), that individual may not serve as a mediator if he or she is the hearing officer in a pending due process hearing involving the same student who is the subject of the mediation process or was the hearing officer in a previous due process hearing involving the student who is the subject of the mediation process.

- (h) The TEA will bear the cost of the mediation process.
- (i) A mediation session must be scheduled in a timely manner and held in a location that is convenient to the parties.
- (j) If the parties resolve a dispute through the mediation process, the parties must execute a legally binding agreement that:
 - (1) states that all discussions that occurred during the mediation process will remain confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding; and
 - (2) is signed by both the parent and a representative of the public education agency who has the authority to bind the public education agency.
- (k) A written, signed mediation agreement under subsection (j) of this section is enforceable in any state or federal court of competent jurisdiction.
- (l) Discussions that occur during the mediation process are confidential and may not be used as evidence in any subsequent due process hearings or civil proceedings of any state or federal court.

§89.1195. Special Education Complaint Resolution.

- (a) In accordance with 34 Code of Federal Regulations (CFR), §300.151, the Texas Education Agency (TEA) has established a complaint resolution process that provides for the investigation and issuance of findings regarding alleged violations of Part B of the Individuals with Disabilities Education Act (IDEA).
- (b) A complaint may be filed with the TEA by any individual or organization and must:
 - (1) be in writing;
 - (2) include the signature and contact information for the complainant;
 - (3) contain a statement that a public education agency has violated Part B of the IDEA; 34 CFR, §300.1 et seq.; or a state special education statute or administrative rule;
 - (4) include the facts upon which the complaint is based;
 - (5) if alleging violations with respect to a specific student, include:
 - (A) the name and address of the residence of the student;
 - (B) the name of the school the student is attending;
 - (C) in the case of a homeless child or youth (within the meaning of §725(2) of the McKinney-Vento Homeless Act (42 United States Code, §11434a(2)), available contact information for the student and the name of the school the student is attending;
 - (D) a description of the nature of the problem of the student, including facts relating to the problem; and
 - (E) a proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed;
 - (6) allege a violation that occurred not more than one calendar year prior to the date the complaint is received; and
 - (7) be forwarded to the public education agency that is the subject of the complaint at the same time that the complaint is filed with the TEA.
- (c) A complaint must be filed with the TEA by mail, hand-delivery, or facsimile. The TEA has developed a form that may be used by persons or organizations filing a complaint. The form is available on request from

the TEA and is also available on the TEA website. The complaint timeline will commence the next business day after the day on which the TEA receives the complaint.

- (d) If a complaint does not meet the requirements outlined in subsection (b) of this section, the TEA must notify the complainant of the deficiencies in the complaint.
- (e) Upon receipt of a complaint that meets the requirements of this section, the TEA must initiate an investigation to determine whether the public education agency is in compliance with applicable law and regulations in accordance with the following procedures.
 - (1) The TEA must send written notification to the parties acknowledging receipt of a complaint.
 - (A) The notification must include:
 - (i) the alleged violations that will be investigated;
 - (ii) alternative procedures available to address allegations in the complaint that are outside of the scope of Part B of the IDEA; 34 CFR, §300.1, et seq.; or a state special education statute or administrative rule;
 - (iii) a statement that the public education agency may, at its discretion, investigate the alleged violations and propose a resolution of the complaint;
 - (iv) a statement that the parties have the opportunity to resolve the complaint through mediation in accordance with the procedures in §89.1193 of this title (relating to Special Education Mediation);
 - (v) a timeline for the public education agency to submit:
 - (I) documentation demonstrating that the complaint has been resolved; or
 - (II) a written response to the complaint and all documentation and information requested by the TEA;
 - (vi) a statement that the complainant may submit additional information about the allegations in the complaint, either orally or in writing within a timeline specified by the TEA, and may provide a copy of any additional information to the public education agency to assist the parties in resolving the dispute at the local level; and
 - (vii) a statement that the TEA may grant extensions of the timeline for a party to submit information under clause (v) or (vi) of this subparagraph at the request of either party.
 - (B) The public education agency must provide the TEA with a written response to the complaint and all documentation and information requested by the TEA. The public education agency must forward its response to the parent who filed the complaint at the same time that the response is provided to the TEA. The public education agency may also provide the parent with a copy of the documentation and information requested by the TEA. If the complaint was filed by an individual other than the student's parent, the public education agency must forward a copy of the response to that individual only if written parental consent has been provided to the public education agency.
 - (2) If the complaint is also the subject of a due process hearing or if it contains multiple issues of which one or more are part of that due process hearing, the TEA must:
 - (A) set aside any part of the complaint that is being addressed in the due process hearing until the conclusion of the hearing; and
 - (B) resolve any issue in the complaint that is not a part of the due process hearing.
 - (3) If an issue raised in the complaint has previously been decided in a due process hearing involving the same parties, the TEA must inform the complainant that the due process hearing decision is binding.

- (4) The TEA has 60 calendar days after a valid written complaint is received to carry out the investigation and to resolve the complaint. The TEA may extend the time limit beyond 60 calendar days if exceptional circumstances, as determined by the TEA, exist with respect to a particular complaint. The parties will be notified in writing by the TEA of the exceptional circumstances, if applicable, and the extended time limit. The time limit may also be extended if the parties agree to extend it in order to engage in mediation pursuant to §89.1193 of this title or other alternative means of dispute resolution. In accordance with the Texas Education Code, §29.010(e), the TEA must expedite a complaint alleging that a public education agency has refused to enroll a student eligible for special education and related services or that otherwise indicates a need for expedited resolution, as determined by the TEA.
- (5) During the course of the investigation, the TEA must:
 - (A) conduct an investigation of the complaint that must include a complete review of all relevant documentation and that may include interviews with appropriate individuals and an independent on-site investigation, if necessary;
 - (B) consider all facts and issues presented and the applicable requirements specified in law, regulations, or standards;
 - (C) make a determination of compliance or noncompliance on each issue in the complaint based upon the facts and applicable law, regulations, or standards and issue a written report of findings of fact and conclusions, including reasons for the decision, and any corrective actions that are required, including the time period within which each action must be taken;
 - (D) review any evidence that the public education agency has corrected noncompliance on its own initiative;
 - (E) ensure that the TEA's final decision is effectively implemented, if needed, through technical assistance activities, negotiations, and corrective actions to achieve compliance; and
 - (F) in the case of a complaint filed by an individual other than the student's parent, provide a copy of the written report only if written parental consent has been provided to the TEA.
- (6) In resolving a complaint in which a failure to provide appropriate services is found, the TEA must address:
 - (A) the failure to provide appropriate services, including corrective action appropriate to address the needs of the student, including compensatory services, monetary reimbursement, or other corrective action appropriate to the needs of the student; and
 - (B) appropriate future provision of services for all students with disabilities.
- (7) In accordance with 34 CFR, §300.600(e), the public education agency must complete all required corrective actions as soon as possible, and in no case later than one year after the TEA's identification of the noncompliance. A public education agency's failure to correct the identified noncompliance within the one-year timeline will result in an additional finding of noncompliance under 34 CFR, §300.600(e), and may result in sanctions against the public education agency in accordance with §89.1076 of this title (relating to Interventions and Sanctions).
- (f) If a party to a complaint believes that the TEA's written report includes an error that is material to the determination in the report, the party may submit a signed, written request for reconsideration to the TEA by mail, hand-delivery, or facsimile within 15 calendar days of the date of the report. The party's reconsideration request must identify the asserted error and include any documentation to support the claim. The party filing a reconsideration request must forward a copy of the request to the other party at the same time that the request is filed with the TEA. The other party may respond to the reconsideration request within five calendar days of the date on which the TEA received the request. The TEA will consider the reconsideration request and provide a written response to the parties within 45 calendar days of receipt of the request. The filing of a reconsideration request must not delay a public education agency's implementation of any corrective actions required by the TEA.

- (g) In accordance with 34 CFR, §300.151, the TEA's complaint resolution procedures must be widely disseminated to parents and other interested individuals, including parent training and information centers, protection and advocacy agencies, independent living centers, and other appropriate entities.

§89.1196. Individualized Education Program Facilitation.

- (a) For the purpose of this section and Texas Education Code, §29.019, individualized education program (IEP) facilitation refers to a method of alternative dispute resolution that involves the use of a trained facilitator to assist an admission, review, and dismissal (ARD) committee in developing an IEP for a student with a disability. The facilitator uses facilitation techniques to help the committee members communicate and collaborate effectively. While public education agencies are not required to offer IEP facilitation as an alternative dispute resolution method, the Texas Education Agency (TEA) encourages the use of IEP facilitation as described in this section.
- (b) A public education agency is not prohibited from incorporating elements of IEP facilitation into ARD committee meetings that are conducted without the assistance of a facilitator as described in this section. For example, a public education agency may provide training on communication skills, conflict management, or meeting effectiveness to individuals who participate in ARD committee meetings to enhance collaboration and efficiency in those meetings.
- (c) A public education agency that chooses to offer IEP facilitation under this section may determine whether to use independent contractors, employees, or other qualified individuals as facilitators. At a minimum, an individual who serves as a facilitator must:
- (1) have demonstrated knowledge of federal and state requirements relating to the provision of special education and related services to students with disabilities;
 - (2) have demonstrated knowledge of and experience with the ARD committee meeting process;
 - (3) have completed 18 hours of training in IEP facilitation, consensus building, and/or conflict resolution; and
 - (4) complete continuing education as determined by the public education agency.
- (d) A public education agency that chooses to offer IEP facilitation under this section must ensure that:
- (1) participation is voluntary on the part of the parties;
 - (2) the facilitation is provided at no cost to parents; and
 - (3) the process is not used to deny or delay the right to pursue a special education complaint, mediation, or a due process hearing in accordance with Part B of the Individuals with Disabilities Education Act (IDEA) and this division.
- (e) A public education agency that chooses to offer IEP facilitation under this section must develop written policies and procedures that include:
- (1) the procedures for requesting facilitation;
 - (2) facilitator qualifications, including whether facilitators are independent contractors, employees, or other qualified individuals;
 - (3) the process for assigning a facilitator;
 - (4) the continuing education requirements for facilitators; and
 - (5) a method for evaluating the effectiveness of the facilitation services and the individual facilitators.
- (f) A public education agency that chooses to offer IEP facilitation under this section must provide parents with information about the process, including a description of the procedures for requesting IEP facilitation and

information related to facilitator qualifications. This information must be included when a copy of the procedural safeguards notice under 34 Code of Federal Regulations (CFR), §300.504 is provided to parents, although this information may be provided as a separate document and may be provided in a written or electronic format.

- (g) A facilitator under this section must not be a member of the student's ARD committee, must not have any decision-making authority over the committee, and must remain impartial to the topics under discussion. The facilitator must assist with the overall organization and conduct of the ARD committee meeting by:
 - (1) assisting the committee in establishing an agenda and setting the time allotted for the meeting;
 - (2) assisting the committee in establishing a set of guidelines for the meeting;
 - (3) guiding the discussion and keeping the focus on developing a mutually agreed upon IEP for the student;
 - (4) ensuring that each committee member has an opportunity to participate;

§89.1197. State Individualized Education Program Facilitation.

- (a) In accordance with the Texas Education Code, §29.020, the Texas Education Agency (TEA) will establish a program that provides independent individualized education program (IEP) facilitators beginning with the 2014-2015 school year.
- (b) For the purpose of this section, IEP facilitation has the same general meaning as described in §89.1196(a) of this title (relating to Individualized Education Program Facilitation), except that state IEP facilitation is used when the admission, review, and dismissal (ARD) committee is in dispute about decisions relating to the provision of a free and appropriate public education to a student with a disability and the facilitator is an independent facilitator provided by the TEA.
- (c) A request for IEP facilitation under this section must be filed by completing a form developed by the TEA that is available upon request from the TEA and on the TEA website. The form must be filed with the TEA by one of the parties by mail, hand-delivery, or facsimile.
- (d) IEP facilitation under this section must be voluntary on the part of the parties and provided at no cost to the parties.
- (e) In order for the TEA to provide an independent facilitator, the following conditions must be met.
 - (1) The required form must be completed and signed by both parties.

- (2) The dispute must relate to an ARD committee meeting in which mutual agreement about one or more of the required elements of the IEP was not reached and the parties have agreed to recess and reconvene the meeting in accordance with §89.1050(f) of this title (relating to The Admission, Review, and Dismissal Committee).
 - (3) The request for IEP facilitation must have been filed within five calendar days of the ARD committee meeting that ended in disagreement, and a facilitator must be available on the date set for reconvening the meeting.
 - (4) The dispute must not relate to a manifestation determination or determination of interim alternative educational setting under 34 Code of Federal Regulations (CFR), §300.530 or §300.531.
 - (5) The same parties must not be concurrently involved in special education mediation under §89.1193 of this title (relating to Special Education Mediation).
 - (6) The issues in dispute must not be the subject of a special education complaint under §89.1195 of this title (relating to Special Education Complaint Resolution) or a special education due process hearing under §89.1151 of this title (relating to Special Education Due Process Hearings) and §89.1165 of this title (relating to Request for Special Education Due Process Hearing).
 - (7) The same parties must not have participated in IEP facilitation concerning the same student under this section within the same school year of the filing of the current request for IEP facilitation.
- (f) Within five business days of receipt of a request for an IEP facilitation under this section, the TEA will determine whether the conditions in subsections (c)-(e) of this section have been met and will notify the parties of its determination and the assignment of the independent facilitator, if applicable.
 - (g) Notwithstanding subsections (b)-(e) of this section, if a special education due process hearing or complaint decision requires a public education agency to provide an independent facilitator to assist with an ARD committee meeting, the public education agency may request that the TEA assign an independent facilitator. Within five business days of receipt of a written request for IEP facilitation under this subsection, the TEA will notify the parties of its decision to assign or not assign an independent facilitator. If TEA declines the request to assign an independent facilitator, the public education agency must provide an independent facilitator at its own expense.
 - (h) The TEA's decision not to provide an independent facilitator is final and not subject to review or appeal.
 - (i) The independent facilitator assignment may be made based on a combination of factors, including, but not limited to, geographic location and availability. Once assigned, the independent facilitator must promptly contact the parties to clarify the issues, gather necessary information, and explain the IEP facilitation process.
 - (j) The TEA will use a competitive solicitation method to seek independent facilitation services, and the contracts with independent facilitators will be developed and managed in accordance with the TEA's contracting practices and procedures.
 - (k) At a minimum, an individual who serves as an independent facilitator under this section:
 - (1) must have demonstrated knowledge of federal and state requirements relating to the provision of special education and related services to students with disabilities;
 - (2) must have demonstrated knowledge of and experience with the ARD committee meeting process;
 - (3) must have completed 18 hours or more of training in IEP facilitation, consensus building, and/or conflict resolution as specified in the TEA's competitive solicitation;
 - (4) must complete continuing education as determined by the TEA;
 - (5) may not be an employee of the TEA or the public education agency that the student attends; and
 - (6) may not have a personal or professional interest that conflicts with his or her impartiality.
 - (l) An individual is not an employee of the TEA solely because the individual is paid by the TEA to serve as an independent facilitator.

- (m) An independent facilitator must not be a member of the student's ARD committee, must not have any decision-making authority, and must remain impartial to the topics under discussion. The independent facilitator must assist with the overall organization and conduct of the ARD committee meeting by:
 - (1) assisting the committee in establishing an agenda and setting the time allotted for the meeting;
 - (2) assisting the committee in establishing a set of guidelines for the meeting;
 - (3) guiding the discussion and keeping the focus on developing a mutually agreed upon IEP for the student;
 - (4) ensuring that each committee member has an opportunity to participate;
 - (5) helping to resolve disagreements that arise; and
 - (6) helping to keep the ARD committee on task so that the meeting purposes can be accomplished within the time allotted for the meeting.
- (n) An independent facilitator must protect the confidentiality of personally identifiable information about the student and comply with the requirements in the Family Educational Rights and Privacy Act regulations, 34 CFR, Part 99, relating to the disclosure and redisclosure of personally identifiable information from a student's education record.
- (o) The TEA will develop surveys to evaluate the IEP facilitation program and the independent facilitators and will request that parties who participate in the program complete the surveys.
