Division 2. Participation and Assessment Requirements for Graduation

§101.3021. Required Participation in Academic Content Area Assessments.

(a) Beginning with students first enrolled in Grade 9 in the 2011-2012 school year, a student enrolled in a course for which an end-of-course (EOC) assessment exists as required by the Texas Education Code (TEC), §39.023(c), shall take the appropriate assessment.

(b) A student is required to meet the EOC assessment graduation requirements of §101.3022 of this title (relating to Assessment Requirements for Graduation) to receive a Texas diploma if a student:

(1) is participating in a distance-learning or correspondence course as outlined in §74.23 of this title (relating to Correspondence Courses and Distance Learning) for which there is an EOC assessment as listed in the TEC, §39.023(c); or

(2) is participating in a dual-credit course as specified in §74.25 of this title (relating to High School Credit for College Courses) for which there is an EOC assessment as listed in the TEC, §39.023(c).

(c) An EOC assessment administered under the TEC, §39.023(c), cannot be used for purposes of credit by examination as specified in §74.24 of this title (relating to Credit by Examination).

(d) Beginning in the 2011-2012 school year, a student in Grade 8 or lower who takes a high school course for credit is required to take the applicable EOC assessment specified in the TEC, §39.023(c). The EOC assessment result shall be applied toward the student's assessment graduation requirements, as specified in §101.3022 of this title.

(e) If a student earned high school credit for a course for which there is an EOC assessment as listed in the TEC, §39.023(c), prior to enrollment in a Texas public school district and the credit has been accepted by a Texas public school district, or a student completed a course for Texas high school credit in a course for which there is an EOC assessment prior to the 2011-2012 spring administration, the student is not required to take the corresponding EOC assessment as listed in the TEC, §39.023(c).

(f) A student may retake an EOC assessment under the TEC, §39.023(c), only if the student previously failed the EOC assessment. A student is not required to retake a course in order to be administered a retest of an EOC assessment.

§101.3022. Assessment Requirements for Graduation.

(a) Beginning with students first enrolled in Grade 9 in the 2011-2012 school year, a student must meet satisfactory performance on each end-of-course (EOC) assessment listed in the Texas Education Code
A student who was administered separate reading and writing EOC assessments under the TEC, §39.023(c), for the English I or English II course has met that course's assessment graduation requirement if the student has met the following criteria:

1. achieved satisfactory performance on either the reading or writing EOC assessment for that course;
2. met at least the minimum score on the other EOC assessment for that course; and
3. achieved an overall scale score of 3750 or greater when the scale scores for reading and writing are combined for that course.

Exception to subsection (a) of this section related to English I shall apply to English language learners who meet the criteria specified in §101.1007 of this title (relating to Assessment Provisions for Graduation).

If a student failed a course but achieved satisfactory performance on the applicable EOC assessment, that student is not required to retake the assessment if the student is required to retake the course.

Effective beginning with the 2014-2015 school year, a student who has taken but failed to achieve the EOC assessment graduation requirements for no more than two courses may receive a Texas high school diploma if the student has qualified to graduate by means of an individual graduation committee under the TEC, §28.0258.

1. A student may not graduate under an individual graduation committee if the student did not take each EOC assessment required by this subchapter or an approved substitute assessment in Subchapter DD of this chapter (relating to Commissioner's Rules Concerning Substitute Assessments for Graduation) for each course in which the student was enrolled in a Texas public school for which there is an EOC assessment. A school district or charter school shall determine whether the student took each required EOC assessment or an approved substitute assessment required by Subchapter DD of this chapter. For purposes of this section only, a student who does not make an attempt to take all required EOC assessments may not qualify to graduate by means of an individual graduation committee.

2. A student who is an English language learner (ELL) and qualifies for the English I special provision in §101.1007 of this title may graduate without an individual graduation committee if the student achieves satisfactory performance on the remaining EOC assessments that the student is required to take.

(A) The qualifying ELL becomes eligible for individual graduation committee review by failing to achieve satisfactory performance on the English I EOC assessment and one other EOC assessment or by failing to achieve satisfactory performance on no more than two of the remaining EOC assessments if the student achieved satisfactory performance on the English I EOC assessment.

(B) If a qualifying ELL does graduate by means of an individual graduation committee, the student is required to complete individual graduation committee requirements for each course in which the student did not achieve satisfactory performance on the EOC assessment for that course.

3. Notwithstanding any action taken by a student's individual graduation committee, a school district or charter school must provide a student an opportunity to retake an EOC assessment under the TEC, §39.023(c), if the student has not previously achieved satisfactory performance on an assessment for that course. A student is not required to retake a course in order to be administered a retest of an EOC assessment.
§101.CC. Commissioner's Rules Concerning Implementation of the
Academic Content Areas Testing Program

(4) Provisions of this subsection expire September 1, 2023. A student may graduate by means of an
individual graduation committee if the student has qualified for an individual graduation
committee under the TEC, §28.0258, and that individual graduation committee convened prior to
September 1, 2023.

(f) A student who is receiving special education services or has been dismissed from a special education
program under the TEC, Chapter 29, Subchapter A, is subject to the provisions of this subsection.

(1) A student receiving special education services is not subject to the requirements in the TEC,
§28.0258. As provided in §89.1070 of this title (relating to Graduation Requirements) and
§101.3023 of this title (relating to Participation and Graduation Assessment Requirements for
Students Receiving Special Education Services), a student's admission, review, and dismissal
(ARD) committee determines whether a student is required to achieve satisfactory performance on
an EOC assessment to graduate.

(2) A student dismissed from a special education program who achieved satisfactory performance on
an alternate EOC assessment while enrolled in a special education program is not required to take
and achieve satisfactory performance on the general EOC assessment to graduate. A student who
took an EOC assessment while enrolled in a special education program is not required to retake
and achieve satisfactory performance on the EOC assessment if the student's ARD committee
determined that the student was not required to achieve satisfactory performance on the EOC
assessment to graduate. A student dismissed from a special education program must achieve
satisfactory performance on any remaining EOC assessments that the student is required to take. If
the student fails to achieve satisfactory performance on no more than two of the remaining EOC
assessments, the student is eligible for individual graduation committee review under the TEC,
§28.0258, and is subject to the provisions of subsection (e) of this section.

§101.3023. Participation and Graduation Assessment Requirements for Students Receiving Special Education
Services.

(a) As stipulated by §89.1070 of this title (relating to Graduation Requirements), a student receiving special
education services under the Texas Education Code (TEC), Chapter 29, Subchapter A, who successfully
completes the requirements of his or her individualized education program (IEP), including performance on
a state assessment required for graduation, shall receive a Texas high school diploma. A student's
admission, review, and dismissal (ARD) committee shall determine if the student will be required to meet
satisfactory performance on an assessment for purposes of graduation.

(b) Beginning with the 2011-2012 school year, all Grades 9-12 students with significant cognitive disabilities
who are assessed with an alternate assessment as specified in the student's IEP will be assessed using
alternate versions of end-of-course (EOC) assessments as listed in §101.3011(b)(2) of this title (relating to
Implementation and Administration of Academic Content Area Assessment Instruments).

(c) For the 2011-2012 through 2013-2014 school years, a student who is receiving special education services
under the TEC, Chapter 29, Subchapter A, and who is first enrolled in Grade 9 or below in the 2011-2012
school year shall be administered an alternative version of an EOC assessment instrument upon completion
of the corresponding course as required by the student's IEP. Beginning with the 2014-2015 school year, a
student who is receiving special education services under the TEC, Chapter 29, Subchapter A, whose IEP
does not specify the administration of an alternate assessment and who is first enrolled in Grade 9 or below
in the 2011-2012 school year shall be administered an EOC assessment instrument upon completion of the
corresponding course as required by the student's IEP.
§101.3024. Assessment Requirements for Students First Enrolled in Grade 9 Prior to 2011-2012 School Year or First Enrolled in Grade 10 or Above in 2011-2012 School Year.

For purposes of this section, coursework necessary to graduate means all the coursework required under the student's graduation plan.

(b) For a student who is receiving special education services under the TEC, Chapter 29, Subchapter A, who is enrolled above Grade 9 in the 2011-2012 school year and for whom an IEP specifies that the student shall take a modified version of an assessment, the modified assessments as required by the TEC, §39.023, as that section existed before amendment by SB 1031, 80th Texas Legislature, 2007, will continue to be the student's assessment requirement.

(c) With the exception of students who meet the criteria described in subsection (d) of this section, students who were enrolled as follows shall fulfill testing requirements for graduation with the assessments as required by the TEC, §39.023, as that section existed before amendment by SB 1031, 80th Texas Legislature, 2007, with the applicable performance standards established by the commissioner of education and published on the Texas Education Agency (TEA) website:

(1) in Grade 9 or higher on January 1, 2001, regardless of when they are scheduled to graduate; or

(2) in Grade 8 or lower on January 1, 2001, if they were on an accelerated track and fulfilled all coursework necessary to graduate by September 1, 2004.

(d) A student who entered Grade 11 in the 1989-1990 school year or an earlier school year shall fulfill testing requirements for graduation with assessments as required by the TEC, §39.023, as that section existed before amendment by SB 1031, 80th Texas Legislature, 2007, under an applicable performance standard established by the commissioner of education that corresponds to the performance standard in effect for the exit-level Texas Educational Assessment of Minimum Skills (TEAMS) when the student was first eligible to take the exit-level TEAMS. Performance standards that apply to TEAMS students will be published on the TEA website.

(e) A student fulfilling testing requirements under subsection (c) of this section will be required to take only those sections of the exit-level Texas Assessment of Knowledge and Skills (TAKS) that correspond to the subject areas formerly assessed by the exit-level Texas Assessment of Academic Skills (TAAS) (reading, writing, and mathematics) for which the student has not yet met the passing standard.

(1) If a student has not yet met the passing standard on TAAS reading, the student will be administered only the reading multiple-choice items from the TAKS English language arts (ELA) test.

(2) If a student has not yet met the passing standard on TAAS writing, the student will be administered only the writing prompt and the revising and editing multiple-choice items from the TAKS ELA test.

(f) A student fulfilling testing requirements under subsection (d) of this section will be required to take only those sections of the exit-level TAKS that correspond to the subject areas formerly assessed by the exit-level TEAMS (reading and mathematics) for which the student has not yet met the passing standard. If a student has not yet met the passing standard on TAAS reading, the student will be administered only the reading multiple-choice items from the TAKS ELA test.

(g) Effective beginning with the 2017-2018 school year, a student who has taken but failed to meet assessment graduation requirements under this section may receive a Texas high school diploma if the student has qualified to graduate in accordance with the TEC, §28.02541.
(1) A student may not graduate under TEC, §28.02541 if the student did not take each assessment instrument or the part of the assessment instrument for which the student has not performed satisfactorily at least three times.

(2) This subsection expires September 1, 2023.

(h) Notwithstanding any of the requirements in subsections (a)-(g) of this section, students who pass all of the required exit-level TAKS tests or meet the alternate assessment requirements of Chapter 101, Subchapter DD, of this title (relating to Commissioner's Rules Concerning Substitute Assessments for Graduation) have fulfilled their testing requirements for graduation.

(i) Beginning with the 2011-2012 school year, students first enrolled in Grade 9 or lower must fulfill testing requirements for graduation with the end-of-course assessment instruments, as specified in the TEC, §39.023(c), as amended by SB 1031, 80th Texas Legislature, 2007.

Division 4. Performance Standards

§101.3041. Performance Standards.

(a) The commissioner of education shall determine the level of performance considered to be satisfactory on the assessment instruments. The figures in this section identify the performance standards established by the commissioner for state-developed assessments, as required by the Texas Education Code, Chapter 39, Subchapter B, for all grades, assessments, and subjects.
(b) The figures in this subsection identify the performance standards established by the commissioner for the State of Texas Assessments of Academic Readiness (STAAR®) general and alternate assessments at Grades 3-8.

(1) The figure in this paragraph identifies the STAAR® general education performance standards at Grades 3-8.

(2) The figure in this paragraph identifies the STAAR® Alternate 2 performance standards at Grades 3-8.

(c) For students first enrolled in Grade 9 or below in the 2011-2012 school year, the figures in this subsection identify the performance standards established by the commissioner for the STAAR® end-of-course (EOC) general and alternate assessments. The standard in place when a student first takes an EOC assessment is the standard that will be maintained on all EOC assessments throughout the student's high school career.

(1) The figure in this paragraph identifies the EOC general education assessment performance standards.

(2) The figure in this paragraph identifies the EOC alternate assessment performance standards.

Figure: 19 TAC §101.3041(c)(2)

(d) The Texas Education Agency shall post annually to its website a 100-point score conversion table after the STAAR® assessment spring administrations. The 100-point scale is defined using percentiles, which represent the percentage of students across the state that took the assessment and received a scale score less than the scale score of interest. The percentile is based on the performance of students who took the paper, online, Braille, and L versions of the assessment during the spring administration of any given year.

(1) The following formula is used to calculate the percentile \( p(S) \) for a scale score \( S \): 

\[
p(S) = \frac{x}{N} \times 100.
\]

(2) In the formula in paragraph (1) of this subsection, \( N \) is the total number of students who took the tests, and \( x \) is the number of students with scale scores less than \( S \). If the calculated percentile is not a whole number, then it is rounded down to the closest whole number.
